## FIRST LIFE LOST IN FLAME FIGHT

Hemet Rancher Burns as Companions Look On

Crews Continue Battle With San Diego Blazes

Fires Will be Taken Today of Conflagrations

(Continued from First Page)

with a patrol left to guard against a new blaze.

County Forester Turner and Supervisor Cecil of the Angeles National Forest, directing the battle on the flames, have about 1000 men on the fire lines. Many of them are becoming exhausted from the difficult work and new men will be recruited and sent into the fire area before long.

If the fire on the south end can be brought under control, Turner will be in a position to join forces with the Federal men in the fight on the north side. County Forester of Ventura county also has a large force of men on his side of the line who may be able to give assistance on the north.

While Los Angeles authorities were having their own troubles with fires, reports from San Diego county stated that prospects for bringing the brush and timber fire under control were somewhat better last night. Hope was based largely on wind and weather. The Cleveland National Forest was ordered closed to hunters and campers, owing to the fire hazard.

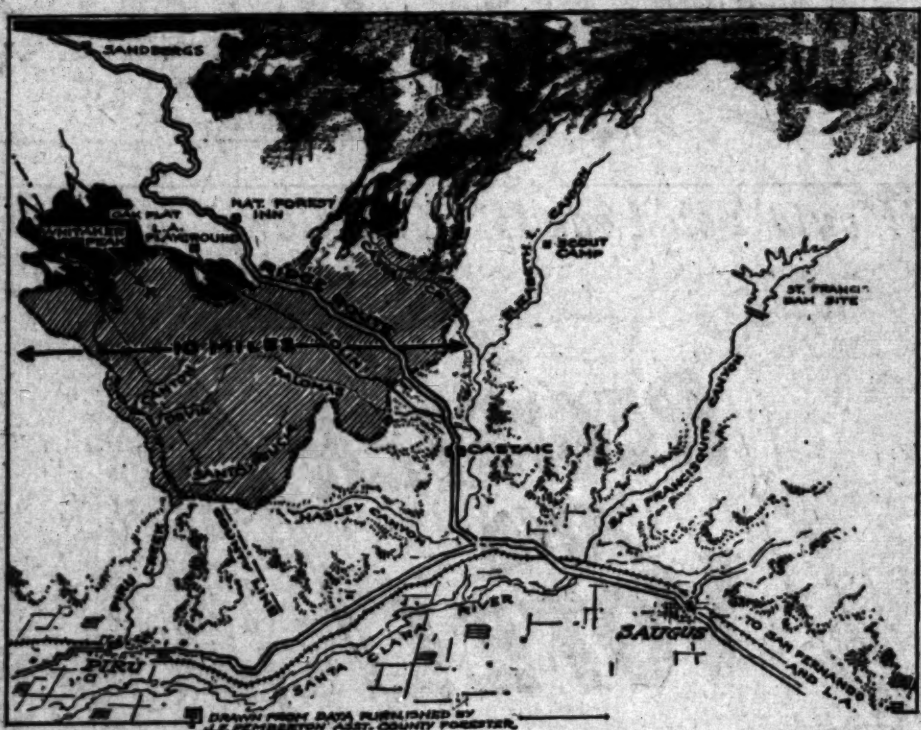

**ADDED FORCE CALLED**  
Additional men were called to help in fighting the Palomar fire at the request of Forest Supervisor Elliott. Backing against the Palomar fire was expressed that the men would have the flames under control before morning, according to Fire Warden Gordon. The Elginville fire, after smoldering, burst forth anew yesterday morning. The Cuyamaca fire was being fought by a force of 500 men. The Wildcat fire was being fought by a force of 500 men. The San Diego River fire was being fought by a force of 500 men. The San Diego River fire was being fought by a force of 500 men.

**MOBE HELP SENT**  
Superior Mendocino of the Santa Barbara National Forest, sent additional men and equipment south to help in the battle against the Ridge Route fire, which was moving northward into the Santa Barbara Forest area.

From Forterville came reports that a stubborn grass fire along the South Fork of the Tule River near Camp Nelson is resisting the efforts of a force of 400 men recruited in near-by cities and towns. Three thousand acres have been burned over.

Mentone and Redlands districts were concerned over reports of a brush fire which broke out in Mill Creek Canyon just east of the Edison power plant near the mouth of the canyon. The area is heavily wooded and is part of the watershed on which Redlands partly is.

## Devastation Wrought by Ridge Route Blaze

Map showing the extent of the Ridge Route fire which has been burning since last Friday morning. The shaded area indicates the territory covered by the fire up to yesterday afternoon. The black area shows where the fire burst forth anew in the afternoon and was being driven by a high wind into the northwest.

Conflagration Has Broken Loose Again

dependent. There is a large number of mountain homes in the canyon.

**THREE BLAZES OUT OF CONTROL IN NORTH**  
SAN FRANCISCO, Sept. 24. (AP)—Three fires are reported tonight to be burning out of control in Northern California timber and brush lands, increasing to nearly 200,000 acres which has been laid waste by flames raging in the State for the past two weeks.

The fire in Stevens Pass in the Shasta National Forest, believed to have been brought under control, burst forth anew tonight and is taking the efforts of a large crew of men to subdue it.

The Hazel Creek fire on Tombstone Mountain, Shasta county, is reported to be eating its way into rough country, and foresters can give little information about it.

A force of 500 men has brought the Soda Creek fire under control in Sequoia National Forest, but on one side the flames are reported burning into heavy timber.

The three fires which have ravaged Butte county are reported tonight to have been brought under control.

**HAYOV OF FLAMES TO BE FILMED FROM AIR**  
An aerial cruise for observation of the forest and brush fires in Southern California and to photograph the conflagrations and the paths of destruction for educational films in future campaigns against careless practices will be conducted today.

At 1 p.m. the air cruiser Richfield will leave Van Nuys field with Southern California forestry officials and movie camera operators. The equipment for flight over the fires blazing in San Diego and Riverside counties.

The party will include County Supervisor McClellan, Spencer D. Turner, County Forester and Fire Warden; H. S. Gilman, member of the State Board of Forestry of San Diego; Jay Price, District Fire Inspector; United States Forestry Department of San Francisco, and Chief R. L. Dunlap, fire-prevention engineer of the Forestry Department of Los Angeles county.

**FILM FOLK WILL HELP AT BENEFIT**  
Mix, Cody and Hall to Referee Bouts in Relief Boxing Show Saturday

Motion-picture actors were unanimous yesterday in volunteering to help the benefit show for the Florida and West Indian hurricane sufferers which is to take place at the Olympic Auditorium next Saturday night. This benefit is being given under the auspices of the Theater Managers' Association of Los Angeles, and all funds will be turned over to the Red Cross.

Tom Mix said he will be glad to referee one of the many boxing bouts to be given on that evening, as did Lew Cody and James Hall.

"I'll consider it an honor to be there," said Mix. "Trying to help a cause of this kind is an honor for anyone."

The advance sale of tickets for the benefit is unusually heavy, according to St. Masters of the Olympic Auditorium, and he advised those who are planning to attend to buy seats early.

Fifty rounds of boxing will be offered, and an unusually good card has been arranged by Wad Wadhams of the Olympic and Tom Gallery of the Hollywood Stadium. Music will be provided by the Golden State Band. Seats are being sold at 50 cents, \$1 and \$2.

## BANDITS KIND TO BUMSTED

Angeleno in Mexico City Following Ransom

Mining Man Surprised by Band of Rebels

Chief Said 20,000 Pesos Needed in Campaign

(Continued from First Page)

panied by one or more of his guards.

On one occasion the rebel chief sent a scout on a twelve-hour journey to buy a favorite brand of cigarettes Bumsted wanted.

Days of waiting dragged horribly, Bumsted said. The rebels told him they had nothing against him personally, but needed money to carry on their campaign. Sometimes they furnished him with food when they were deprived themselves.

Bumsted explained he had first communicated with Perry Holmes because he was a representative of his company, the Alvarez Mining Company of New York. However, both American consular representatives at Guadalajara and Masatlan did all in their power to aid Bumsted.

Bumsted said that while he enjoyed considerable liberty, "I knew I would be shot if I attempted to escape."

**BRIDGE ENGINEERS MEET**  
VIENNA, Sept. 24. (AP)—Welcome by President Hainisch, 600 of the world's most widely known bridge and structural engineers opened their second international convention here today.

**NAVAL TREATY NOTES DELAYED**

Dispatch Held Up Pending Further Consideration  
Coolidge and Cabinet Will Go Over Them Today  
Additional Data Submitted by British Authorities

WASHINGTON, Sept. 24. (Exclusive)—Dispatch of the American notes outlining the country's reaction to the naval limitations proposals in the Anglo-French compromise agreement was held up today pending scrutiny of the communications by President Coolidge and his Cabinet tomorrow. Secretary of State Kellogg discussed the documents today with Secretary of the Navy Wilbur, Admiral Charles V. Hughes, chief of naval operations; Rear-Admiral Andrew T. Long and Rear-Admiral Hilary P. Jones, retired. Later it was learned that Great Britain has supplied the State Department with explanatory information regarding the terms of the Anglo-French agreement. This new information coupled with the summary of the agreement received several weeks ago is said to have given the administration a sufficient understanding of the naval sections of the pact to warrant the sending of a reply. Washington officials still are at a loss to understand why Great Britain again should suggest to the United States that it agree to a naval limitation plan under which

**FIRE DESTROYS FAMED SALOON**

Memories of Stevenson and London Clustered at Last Chance  
OAKLAND, Sept. 24. (AP)—The Last Chance saloon, cradle of the literary endeavors of Jack London and favorite grog shop of Robert Louis Stevenson during his residence on the west coast, was destroyed by fire today. Mementos of the two famous authors, including the chair in which Stevenson sat to plan his South Seas trip, first editions of Jack London's book with inscription from the author to Johnny Heinhold, owner of the Last Chance, who was godfather to the young seaman during his early days of authorship, and other bibliographic treasures, were burned.

**STRANGLER OF BABY GETS LIFE SENTENCE**

OAKLAND, Sept. 24. (AP)—Erna Janoschek, 17-year-old stranger of baby Diana Lilienkrantz, heard her crime fixed as first-degree murder today, and was sentenced to life imprisonment in San Quentin prison.

**LEAGUE PLANS LIQUOR SURVEY**

Effects of Poor Quality to be Studied  
Investigation of Opium Also Decided  
World Court Procedure Up Before Assembly

GENEVA, Sept. 24. (AP)—Alcoholism, opium smoking, addiction of the United States to the World Court of International Justice and the return of Costa Rica to the League, all had attention today from delegates to the Assembly of the League of Nations. The debate on alcoholism resulted in unanimous adoption of a resolution for an investigation into the abuse of alcohol as a beverage, the deleterious effects of the poor qualities of hard liquor now being consumed in various parts of the world.

**STUDY HARD LIQUOR**

The inquiry will be limited to ardent spirits. Wine, beer and cider have been exempted from the resolution through the efforts of countries which depend largely on grape growing, hops and barley for their economic well being. The Assembly approved the British proposal to send a commission of three experts to the Far East to investigate opium, smoking and opium smoking. It had been expected that Wang Chin-Chi, Chinese delegate, would oppose this measure. Instead, he pledged China's wholehearted co-operation. The question of United States adherence to the World Court came up when Fridtjof Nansen, famous Norwegian explorer, admonished the Assembly that the League should not postpone too long the clarification of the Council's right to ask advisory opinions from the court. The Assembly adopted a resolution asking the Council to study this question.

**ASKS VETO RIGHT**

United States interest in this point lies in the fact that the American republic has said it will not adhere to the court unless it had the right to veto requests for an opinion on any question relating to the United States or its interests. Costa Rica's announced intention to return was switched into a tribute to the Argentine. Delegates of a dozen countries in congratulating the Central American republic, expressed highly fervent hopes the South American country also will come back.

**Former Aide to Raskob Passes Away in Italy**

TONOPAH (Nev.) Sept. 24. (AP)—Arnold Howe, former assistant to John Raskob in the General Motors Acceptance Corporation, died the first instant at Naples, Italy. He was learned here today with receipt of a telegram by A. H. Howe, his father. Howe was born in Westfield, N. J., February 25, 1885. He went to Goldfield, Nev., in 1909, when the elder Howe became secretary of the Goldfield Consolidated Mines Company. He entered General Motors in 1920 in Los Angeles, and became the Florida manager. Two years ago he was transferred to the executive department at New York.

**Sayre Deering Facing Arrest**

KANSAS CITY, Sept. 24. (AP)—A warrant charging child abandonment was issued today for Sayre Deering, widely known as the former dancing partner of Mae Murray, dancer and screen star. The warrant was issued on complaint of Deering's former wife, Mrs. E. F. Borgio, mother of his twin daughters. Mrs. Borgio said Deering has refused to pay for the support of the girls, 7 years of age, as ordered by the court at the time of the Deering divorce several years ago.

**Prince Fined in Auto Death**

COPENHAGEN, Sept. 24. (AP)—Prince Bertil III, son of the Swedish Crown Prince, today was fined 500 kroner, \$140, for driving an automobile without a license. His car overturned and one of the five schoolfellows who were with the Prince was killed. A brother of the dead youth, Svend Thomsen, was fined 300 kroner for allowing an unlicensed person to drive the machine.

**NEVADA FARM BANK ORDERED TO CLOSE**

RENO, Sept. 24. (AP)—The Douglas County Farmers' Bank of Gardnerville, Nev., was closed by order of the State banking examiner today to protect depositors pending reorganization. The bank's capital stock is \$50,000 and surplus \$11,000, but frozen assets and insufficiently secured loans are estimated at \$60,000.

## HOOVER DINES WITH EDITORS

Keeps Engagement Made While Secretary

Business Paper Publishers Talk on Industry

Delaware Leaders in Call on Candidate

WASHINGTON, Sept. 24. (AP)—Herbert Hoover laid aside his new role of Republican Presidential candidate tonight to follow a custom of seven years' standing during his Commerce Secretaryship by attending the national conference of business paper editors at the National Press Club. He has been a guest of their dinners since the beginning of his service as head of the Commerce Department and as such several times each year has given them his aid in analyzing economic problems.

### TALK ON BUSINESS

Arrangements for the dinner were made while he still was Secretary of Commerce and the discussion on the program following the dinner was confined to business prospects, matters of business organizations and other such topics of a non-political nature. Virgil Outriss of Cleveland, editor of Petroleum News and president of the conference, was hostmaster.

The nominee spent the entire evening at his home working on the Elizabethan (Tenn.) speech. He came to his personal headquarters on Massachusetts avenue at noon to receive a delegation of visitors from

## HOKUM PEDDLERS MARK SMITH NOVELTIES DOWN TO 98 CENTS

NEW YORK, Sept. 24. (Exclusive)—The sons of Barnum are doing "their bit" to win the Presidential election for both Smith and Hoover. The hokum men, the sidewalk spellbinders and peddlers as well as the legitimate novelty dealers are going in for campaign knickknacks in a big way—too big a way, some of them fear. To remedy this they have begun to cut the price for Al.

One can walk into most any novelty shop or drug store on Broadway and see Al Smith in a brown derby or a silk hat standing out in bold relief on a golden plaque. Facing Al across the counter will be seen his rival, Herbert Hoover, done

in soberer gun metal, his smile less golden, but just as evident. The thing that has set the novelty dealers thinking is not the respective merits of the two candidates. Their worry is more personal. They are concerned with the problem of supply and demand. Al's supporters, they feel, are not rallying to the cause as spiritedly as they should. Today a sign graces Al's derby-crowned head:

"Formerly \$2, now 98 cents."

Across the shelf Hoover continues to smile his best at the regulation price of \$1.50. Whether the "now 98 cents" sign is an omen, the dealers decline to predict, but they admit it shows which way the "straw" is blowing and other novelty men are following the trend.

### Alimony Martyr May Leave Jail

SAN FRANCISCO, Sept. 24. (AP)—Sam Reid, so-called Alimony Martyr who has been in jail at Willow Glen county, more than three years, may have a forty-eight-hour parole to visit a former companion in arms can arrange it.

Members of the Three Hundred and Sixty-third Infantry today petitioned Superior Judge Purkitt, who sentenced Reid to jail for contempt of court, for Reid's temporary release. The veterans will hold their reunion here this week.

### NEW GERMAN NAVY CHIEF

BERLIN, Sept. 24. (AP)—Rear Admiral Erich Raeder, commander of the Baltic naval station at Kiel since 1923, today was officially confirmed chief of the Admiralty, succeeding Admiral Zenker, resigned.

After stating that the Republicans had "saved the day" in 1921 for the farmers by enacting the emergency tariff act, the Senator read to the Cheyenne audience a statement by the American Farm Bureau made in 1923 and lauding the legislative re-

## CURTIS LAUDS PARTY'S RULE

Nominee in Denver Praises Administration Record

"Smoke Screen Tactics" of Opposition Denounced

Assertion Made That Nation Will Keep Prohibition

DENVER, Sept. 24. (AP)—From the same platform occupied two nights ago by Gov. Smith, Senator Curtis, the Republican Vice-Presidential nominee, tonight lauded the record of the Republican administration and held out new hopes in a higher tariff.

Senator Curtis recalled the four tax reductions made in the last eight years; declared "smoke screen tactics" by the opposition had "failed"; and charged "constant nagging and attempts to break down the confidence of the people in the Republican administration" in his prepared address.

The address of Senator Curtis made no mention of the Democratic Presidential nominee whose path led into this city last week, but at Cheyenne, earlier in the day, Curtis denounced Gov. Smith for his declaration at Omaha that the administration had done nothing to relieve farmers.

### FARM BUREAU STATEMENT

After stating that the Republicans had "saved the day" in 1921 for the farmers by enacting the emergency tariff act, the Senator read to the Cheyenne audience a statement by the American Farm Bureau made in 1923 and lauding the legislative re-

"No man can conscientiously say," he declared in his prepared address, "that the Republican party has failed in its earnest endeavor to restore conditions throughout the country. The party has adhered to its purpose while its uncompromising opponents have tried to divert it by constant nagging and attempts to break down the confidence of the people in the Republican administration."

"But the smoke screen politics has failed. The Republican party has remained consistently steadfast in its determination to rehabilitate the country and to give constructive administration to that end."

"There has been retrenchment wherever possible, and economy in incurring new obligations, even against the efforts of the Democrats to increase the burden on the people by proposing greater expenditures."

### BLOW STRUCK AT HOPES OF WETS

CHEYENNE (Wyo.) Sept. 24. (AP)—Prohibition is "here to stay," Senator Curtis of Kansas, the Republican Vice-Presidential nominee, declared in an address prepared for delivery here today. He reiterated his opposition to repeal of the Eighteenth Amendment or of the Volstead Act, and also declared against modification of the act to permit States to determine the alcoholic content of beverages. Without mentioning Gov. Smith or his proposal for State liquor control, the Senator stated his opposition to "the Federal government or any State going into the liquor business."

"Nor do I believe, such a system," he said, "could or would be effective or successful if adopted. Rightly or wrongly, the prohibition question has been brought into this campaign by the Democrats. The Republican platform pledges the party to the faithful enforcement of the Eighteenth Amendment. I fully concur in that plank."

"It is the women of the country who have been largely instrumental in bringing about prohibition and they did it without the vote, for the prohibition amendment was effective, also, before the suffrage amendment."

"Now that they have the vote, if I may be permitted to prophesize, they will keep prohibition, too."

The Senator prepared some remarks on the tariff question and referred particularly to wool. He read statistics comparing wool importations under the Underwood Tariff Act, which admitted that product free and under the Republican act, which imposed duties.

### FURNELL TO GIVE OUTDOOR SPEECHES

CHICAGO, Sept. 24. (AP)—Representative Furnell, ranking member of the House Committee of Agriculture, will substitute at outdoor speeches for Senator Curtis, Republican Vice-Presidential candidate, the Republican national headquarters here announced tonight.

The substitution became necessary following the orders of a physician, who said Senator Curtis might seriously impair his voice if he continued his outdoor speeches.

### Norris to Aid Progressives

WASHINGTON, Sept. 24. (AP)—Keeping clear of the Presidential campaign, Senator Norris, Republican, Nebraska, announced today that he is planning to leave Washington at the end of this week to make a number of speeches on behalf of the re-election of several members of the progressive group in the Senate.

In these speeches Senator Norris said he will not advocate the election of either Herbert Hoover or Gov. Smith for the Presidency. The Nebraska, who is regarded as the leader of the Senate progressive group, however, in a statement to-day characterized the Democratic Presidential nominee's speech on farm relief at Omaha as "fine," and his Denver water power speech as "great."

### PRESCOTT GUTTERS FLOODED BY LIQUOR

PRESCOTT (Ariz.) Sept. 24. (AP)—Three hundred and fifty gallons of illicit whiskey and 776 pints of home brew ran down the gutters of Prescott streets this afternoon when prohibition agents destroyed evidence which had been gathered in seventy-four cases in the last session of the District Federal Court. Seven large stills were destroyed.

## FOOLPROOF GAS BURNER FOUND

Lab's Income Makes Advance From Wage to Salary In Six Months

MILWAUKEE, Sept. 24. (Exclusive)—From a \$30 a week job to a salary of \$15,000 a year, all within the space of six months, is the experience of Raymond E. Gest, 33 years of age, inventor of this city.

Raymond invented a gas burner which not only burns 100 per cent of the gas but which cannot be extinguished when a pot boils over. Three Chicago financiers agreed that his invention was foolproof and after consulting with manufacturers of gas stoves Raymond was put on a \$15,000 yearly salary and received a fourth of the stock of a \$300,000 corporation which has been formed.

Arriving in Denver tonight just in time to go to the auditorium to keep his speaking engagement, Senator Curtis showed the effects of his strenuous campaigning of the last week in the West. His throat was "awfully sore," as he expressed it, and he spoke with the aid of a microphone and loud-speakers. He had been on the train almost all day, spending three hours at Cheyenne in the afternoon before coming to Denver. Tomorrow night he speaks in Omaha again from a platform occupied recently by Gov. Smith.

### NAGGING CHARGED

"No man can conscientiously say," he declared in his prepared address, "that the Republican party has failed in its earnest endeavor to restore conditions throughout the country. The party has adhered to its purpose while its uncompromising opponents have tried to divert it by constant nagging and attempts to break down the confidence of the people in the Republican administration."

"But the smoke screen politics has failed. The Republican party has remained consistently steadfast in its determination to rehabilitate the country and to give constructive administration to that end."

"There has been retrenchment wherever possible, and economy in incurring new obligations, even against the efforts of the Democrats to increase the burden on the people by proposing greater expenditures."

### SHREWOOD CALLS BRUCE'S CHARGE "LIE"

WESTMINSTER (Md.) Sept. 24. (AP)—Carlton M. Sherwood of New York, executive secretary of the citizens' committee of one thousand, in an address here today denounced as a "lie" the statement attributed to Senator Bruce of Maryland that "Herbert Hoover has taken numerous drinks with Clarence Darrow."

"I deny Senator Bruce's allegation of Mr. Hoover's drinking as a lie," Mr. Sherwood said, "and my denial is made on information vastly more authoritative than Clarence Darrow. It is well known in responsible circles that Mr. Hoover is a total abstainer and that he does and has observed the letter and spirit of the Eighteenth Amendment to the American Constitution."

"Senator Bruce of Maryland is the new loud speaker in Gov. Smith's whispering campaign."

### CURTIS DENIES STATEMENT BY BRUCE

EN ROUTE WITH SENATOR CURTIS FROM WYOMING TO DENVER, Sept. 24. (AP)—Informed of charges by Senator Bruce of Maryland, Democrat, that he had been seen with liquor in his possession, Senator Curtis, Republican Vice-Presidential nominee, said today: "I am sorry Senator Bruce made such a statement. He has been misinformed. I never have had a glass of whiskey or a bottle of liquor in my possession."

In an address before a Democratic rally in Westminster, Md., Saturday night, Bruce said: "Senator Curtis, the Republican nominee, was seen at Pimlico race track with a bottle of liquor in his pocket."

### LUTHERANS DENY SYNOD FOR SMITH

Local Church Officials Challenge Statement of Nebraska Group

Two local Lutheran church officials yesterday made quick to contradict a new dispatch from Lincoln, Neb., in The Times yesterday morning in which it was stated that "Missouri synod Lutherans are said to be solidly for Smith for President. The synod is made up largely of Germans."

Rev. W. G. Luecke, pastor of Highland Lutheran Church, Pacific Coast representative of the English District Mission Board and a member of the Missouri synod, called at The Times office to say:

"In the first place there is no way in which the synod could express itself as for anybody for President but as a member of the synod and familiar with it I know that the great majority of the synod is not for Smith but that exactly the opposite is true. Also the synod is not made up largely of Germans. I dislike very much to see my synod accredited with being for Smith when I know it is decidedly on the other side."

Rev. Lawrence Paulstick, pastor of Eagle Rock Lutheran Church, at about the same hour called on the Republican State headquarters and similarly protested against the information from Nebraska as "misleading."

"It may be," he said, "that possibly some small group in a certain locality may be for Smith but the truth of the matter is, Missouri synod members are almost entirely in sympathy with Herbert Hoover's candidacy."

### Day of Prayer Set for Voters

CHICAGO, Sept. 24. (AP)—A day of prayer for a city-wide "awakening" of voters was decreed by the union of ministers today.

Adopting a resolution of the Chicago Church Federation the ministers called upon people of all faiths to pray October 1 for the voters to rid the city of the "criminal conspiracy between certain political groups and the underworld."

## RASKOB PRAISES HOOVER ARIDITY

Democratic Leader Deplores Drinking Rumors

Household of Nominee Said to Have Been Dry

Curtis Denies Charge Aimed at Him by Bruce

NEW YORK, Sept. 24. (AP)—John J. Raskob, Democratic national chairman, said today he deplores rumors that Herbert Hoover has violated the prohibition law since he became a public official. The chairman declared he knows that Hoover's household was absolutely dry while he was in the Cabinet, and said he admitted him for it.

A statement attributed to Senator Bruce of Maryland, Democrat, that Secretary Hoover had taken drinks with Clarence Darrow, Chicago criminal lawyer, publicly was denied in Washington yesterday by George E. Ackerson, Mr. Hoover's assistant. Mr. Raskob did not mention Senator Bruce.

"I am sorry to see criticism of Mr. Hoover on the ground that he is a drinking man," Mr. Raskob said. "I don't know whether he drinks or not, and to my mind it doesn't make much difference. But I do know that since he has been in the Cabinet his household has been absolutely dry, and I have admitted him for it."

Referring to Mabel Walker Willebrandt's attacks on Gov. Smith, Mr. Raskob said people have not forgotten that she was a character witness for Harry M. Daugherty, the former United States Attorney-General who was charged with defrauding the government and was cleared after two trials.

Reports from the Middle West and Northwest become more and more promising, Mr. Raskob said. "I think the Republicans have given up the two Dakotas and Wisconsin, and that they have very little hope left for Minnesota and Montana," he asserted.

### SHREWOOD CALLS BRUCE'S CHARGE "LIE"

WESTMINSTER (Md.) Sept. 24. (AP)—Carlton M. Sherwood of New York, executive secretary of the citizens' committee of one thousand, in an address here today denounced as a "lie" the statement attributed to Senator Bruce of Maryland that "Herbert Hoover has taken numerous drinks with Clarence Darrow."

"I deny Senator Bruce's allegation of Mr. Hoover's drinking as a lie," Mr. Sherwood said, "and my denial is made on information vastly more authoritative than Clarence Darrow. It is well known in responsible circles that Mr. Hoover is a total abstainer and that he does and has observed the letter and spirit of the Eighteenth Amendment to the American Constitution."

"Senator Bruce of Maryland is the new loud speaker in Gov. Smith's whispering campaign."

In an address before a Democratic rally in Westminster, Md., Saturday night, Bruce said: "Senator Curtis, the Republican nominee, was seen at Pimlico race track with a bottle of liquor in his pocket."

### CURTIS DENIES STATEMENT BY BRUCE

EN ROUTE WITH SENATOR CURTIS FROM WYOMING TO DENVER, Sept. 24. (AP)—Informed of charges by Senator Bruce of Maryland, Democrat, that he had been seen with liquor in his possession, Senator Curtis, Republican Vice-Presidential nominee, said today: "I am sorry Senator Bruce made such a statement. Adopting a resolution of the Chicago Church Federation the ministers called upon people of all faiths to pray October 1 for the voters to rid the city of the "criminal conspiracy between certain political groups and the underworld."

# SAFE!

## Wringerless!

WHEN the wringer was taken off the latest EASY Washer, it was because a better method of extracting water from clothes had been found... The new method—which employs centrifugal force—has these advantages over the old:

It takes out more water than wringing does... It puts no strain on fabrics; does not crack silk or rayon garments. It cannot break buttons, nor injure hooks and fasteners. It does not stretch nor distort woolen garments... It leaves clothes evenly damp and free from deep hard creases. It makes drying much quicker. It makes ironing easier... Its operation is entirely automatic—and without an exposed part. It is safe!

The day of slowly feeding clothes into a wringer—piece by piece—is swiftly passing. With the new EASY Washer, an enclosed compartment replaces the wringer. It takes a whole batch of clothes at one time and whirles out the water in less than two minutes. All you do is move a lever.

Things like feather pillows or blankets, which will not go through a wringer, are easily handled.

### The Vacuum Principle

The fame of the EASY Washer was built on the vacuum principle of washing.

Like human hands, the EASY'S three vacuum cups

move up and down and around—sixty-six times a minute—gently but positively cleansing, in an incredibly few moments. No garment is too dirty, no piece too bulky, no fabric too fine to wash perfectly in the new EASY.

### How It Saves Time

Speed is gained by doing two things at one time.

Eight full-size sheets, or their equal, are washed in the tub, while eight other sheets are damp-dried in the drying compartment.

The clothes are not rushed and you are not hurried. A special gas heater beneath the wash tub, provides abundant hot water. When you are through, just move a little lever, and the new EASY pumps itself empty into the drain or sink. No burdensome lifting of water.

There are EASY Washers with wringers, too. They are good, efficient machines. Their wringers are equipped with every known safety device. But the fact remains that wherever there are mechanical wringers, there is also chance!

### A Week's Washing Free

We will gladly bring the new EASY to your home. A demonstration does not obligate you. And you can own an EASY on easy terms, with low monthly payments.

SEPTEMBER 24. (P)—  
prohibition agents in the  
California and Nevada  
districts, nearly nine-  
teen in number, were  
ordered by order from  
the federal government  
to hold their positions  
until they had passed the  
civilian examination held last win-  
ter.

SEPTEMBER 24. (Exclu-  
sive)—The next thirty days  
of prohibition service will  
be the most complete  
in its history and thre-  
e-hundred agents will be  
assigned to the duty.

**OUTLAWS' RAIL-WRECK PLANS FAIL**

Mexican Band's Attempt to Derail Train Thwarted by Alert Engineer

MEXICO CITY, Sept. 24. (P)—  
Dispatches from Aguas Calientes  
say that outlaws attempted to wreck  
a regular northbound passenger  
train between Encarnacion and Ti-  
gry but failed because of the alert-  
ness of the engineer.

The dispatches say the outlaws  
captured a party of track layers  
and forced them to remove a rail  
on the line. The engineer, however,  
noticed the condition of the track  
in time to halt the train and avoid  
a derailment. Fearing to attack  
the wrecked train, aboard which  
was a guard of soldiers, the out-  
laws burned a near-by ranch house,  
cut telegraphic communications and  
escaped.

Another dispatch from Pinolepa  
National says forty bandits entered  
the town of San Lucas yesterday  
but that civil defense volunteers  
were sent in pursuit of them.

**Asserted Crime Career of Two Youths Halted**

PHOENIX, Sept. 24. (P)—Two  
youthful visitors from San Diego  
today were interrupted in what  
arresting officers say was a flying start  
toward a transcontinental robbery  
tour, and lodged in the County  
Jail charged with grand larceny.

The boys, who gave their names  
as Dean Empty and Don Deuna,  
were arrested in Prescott and re-  
turned to Phoenix on charges of  
stealing an automobile in Phoenix  
Friday night. On their way to the  
mountain city they stopped long  
enough in Wickenburg to loot a  
residence, police say.

**GEN. BOOTH INSPECTS HOSPITAL IN ARIZONA**

PRESCOTT (Ariz.) Sept. 24. (P)—  
Brig.-Gen. E. E. Booth, assistant  
chief of staff for supply, U. S.  
Army, left Prescott last night for  
the East after having made an in-  
spection of the Veterans' Bureau  
hospital at Whipple, which is leased  
by the War Department to the bu-  
reau. Condition of buildings and  
roads on the reservation were the  
chief concern of the army officer.

**TWO INDICTED AS TERRORISTS**

Chicago Sicilians Named Mafia Leaders

One Identified as Ranieri Boy's Kidnap

Youth's Parents Receive New Money Demand

CHICAGO, Sept. 24. (P)—Two  
Sicilians were reported under in-  
dictment today on kidnapping and  
extortion charges, accused before  
the grand jury of membership in a  
band of terrorists who have preyed  
upon their countrymen here for the  
last six months.

Pasquale Capolisto, identified by  
four wealthy Italian contractors as  
"secretary" of the blackmail ring  
that wrung tribute from them under  
threats of death, was reported  
named in a true bill charging extor-  
sion.

**NAMED KIDNAPER**

Angelo Pettiti, held for a week  
as the agent of Billy Ranieri's ab-  
ductors, is said to have been charged  
with extortion and kidnapping for  
ransom, punishable in Illinois by  
death.

The 10-year-old Italian youngster  
whose kidnapping two weeks ago led  
to the investigation of the Mafia  
blackmail syndicate and the discov-  
ery of 200 families made victims of  
his plotting, was one of the wit-  
nesses before the grand jury. The  
boy and an uncle already had iden-  
tified Pettiti as the man to whom  
they were directed to pay a \$60,000  
ransom for Billy.

**NEW DEMANDS**

Mrs. Ranieri was in a hysterical  
condition when she appeared with  
her husband and son at the Crimi-  
nal Court Building this morning. A  
new demand for money, threatening  
the bombing of their home if the  
extortionists were not paid \$5000 by  
Wednesday night, had brought new  
terror of the Black Hand and a fear  
that their troubles were not ended  
with the safe return of Billy last  
week. Samuel Hoffman, assistant  
State's Attorney, promised an in-  
vestigation of the letters, but ex-  
pressed the opinion that it was  
written merely as an attempt to  
establish an alibi for Pettiti.

Meanwhile Hoffman conferred  
with Signor Giuseppe Castruccio,  
Italian Consul here, and with im-  
migration authorities as a prelimi-  
nary to instituting deportation pro-  
ceedings against at least fifteen Si-  
cilians suspected of Black Hand ac-  
tivities.

**WATCHMAN SHOT DOWN BY BANDIT**

Robber Turns on Patrol Officer When Surprised Holding Up Garage

MIAMI (Ariz.) Sept. 24. (P)—W. S.  
Ashby, an officer connected with  
the Globe merchants' patrol, died  
early this morning from the effects  
of a gunshot wound incurred when  
he came on a bandit in the act of  
robbing the Broad-street Garage, in  
Globe.

Ashby was making his rounds  
when, at 3 a.m., he saw the band-  
it rifling the cash register in the  
garage while the proprietor, James  
Depaul, was standing with his  
hands in the air, held at bay by  
the desperado. When Ashby ap-  
peared, the bandit shot and made  
his escape. The officer died about  
two hours later.

**Sherer to Join Advertising Firm**

CHICAGO, Sept. 24. (Exclusive)—  
Albert W. Sherer, for the past four  
years manager of the Chicago office  
of the Curtis Publishing Company,  
has been elected executive vice-  
president and a director of the ad-  
vertising firm of Lord & Thomas &  
Logan, according to the announce-  
ment made by Albert D. Lasker,  
chairman of the board, today.

**JEWELRY SHOP BURNS; OWNER HURT IN FIRE**

STOCKTON, Sept. 24. (P)—George  
Parker was badly burned about the  
head and face and his building and  
jewelry store valued at \$10,000 de-  
stroyed in a fire at Angels Camp last  
night. Parker lived in the rear of  
the jewelry store and was burned  
endeavoring to save his personal ef-  
fects. Cause of the fire is unknown.  
No insurance was carried on the  
building.

**SUBMARINES REACH MANILA**

MANILA, Sept. 24. (P)—Thirteen  
submarines of the Sixteenth and  
Seventh divisions, accompanied by  
tenders Canopus, Beaver and Black  
Hawk, arrived here today to go into  
their winter quarters.

**HATCHET DEATH VICTIM TRACED**

Woman Enticed to Spokane by Marriage Pledge

She Then Was Slain for Her "Dowry," Police Say

"Bridegroom-to-be" Never Has Been Located

SPOKANE, Sept. 24. (P)—Mrs.  
Catherine Clark was enticed to Spo-  
kane through a promise of mar-  
riage and then slaughtered for the  
tiny "dowry" she brought with her,  
police believe tonight.

The 36-year-old woman appar-  
ently came here from Boston, Mass.,  
where she had a small rug repair-  
ing business. Her body was found  
Sunday, with the head hacked and  
mangled by a hatchet. Police think  
she had \$1400 with her, but no  
money was found on the body.

**TRAIL FOLLOWED**

They took Mook back along the  
trail toward Coeur d'Alene, Idaho,  
where he said he went with the  
woman Saturday night to meet the  
missing "bridegroom."

He said he met the man there, that  
the "bridegroom-to-be" gave him  
moonshine liquor, and that when  
he awoke the woman and her "mail-  
order lover" were gone.

Police doubt his story and are  
holding him as a material witness,  
but refuse to divulge his statement  
in full. Mook is married and has  
five children. The murdered wom-  
an had been staying at his house  
since she arrived in Spokane Fri-  
day.

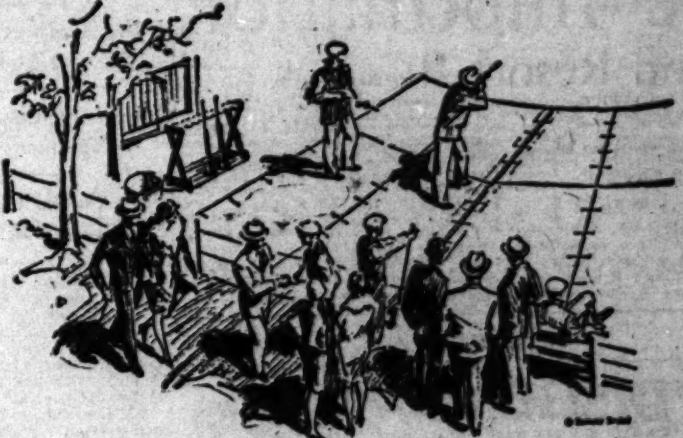

**BODY DISCOVERED**

Tyree said that the death hatchet  
belonged to him. He said he kept a  
shingler's hatchet, similar to the  
one found beside the woman's body,  
in his car.

Officers did not hold Winkiebeck  
and Tyree, who are fellow-employees  
of Mook. They were picking  
prunes, they said, when they found  
the body with the head badly bat-  
tered. The first blow had been  
struck near the road and the wom-  
an had been dragged fifty feet back  
into a small gulch, it was indicated  
by a little trail of blood. Then she  
had been laid on a log, which evi-  
dently had been used as a chopping  
block.

A wrist watch, rings and a neck-  
lace were found on the body. A  
search of the woman's traveling  
bags revealed no money. Police  
think she was ignorant of a plot  
against her, but had expected to be  
married on the night during which  
she was slain.

No matter what kind of property you're thinking of buying, it will pay you to look through **TIMES WANT ADS**

*Health for your babies too!*

There's nothing too fine for your youngster. A precious heritage of good health is worth all the protection possible to place around it. No need to emphasize milk—pure milk—for your babies. Mothers and fathers know today, that milk is the builder—the guardian of health. It's only a matter of choosing the milk which has your confidence—which comes to your home, day after day, fresh, pure—from surroundings where every chance of injuring its splendid qualities has been eliminated.

Adohr Stock Farms produce three types of certified milk—Guernsey, Holstein and from the mixed breed herd. Differing only in butterfat, there is a kind for every requirement.

**HUNTINGTON PALISADES**  
"On Santa Monica Bay"

**A "Country Home" in the City**

Why wait until you retire before you have "a home in the country," with a great expanse of azure overhead—the songs of birds and the invigoration of outdoor air?

You can have it now only a few minutes from your office and enjoy it with the entire family.

Sounds strange, but true nevertheless. Every advantage of life on a country place, with none of the inconveniences, is offered you in "Huntington Palisades" on Santa Monica Bay—long recognized as the true interpretation of the world-famous Southern California.

These are some of the features of Huntington Palisades: As fine improvements as have ever been installed in a residential community, great trees, a glorious climate, fertile soil for gardens, a complete isolation from undesirable inroads, a private bathing beach and Palisades park, close proximity to outstanding educational institutions and protection through perpetual restrictions.

A thorough study of the values, of the advantages, of the environment in Huntington Palisades will convince you that you cannot afford to buy a homeplace elsewhere. Prices are lower than you would ever expect.

# TEXAS REVOLT SIGNS GROWING

**Republican Confidence Rises in Opposition Stronghold**  
**G.O.P. Affording Shelter to Anti-Smith Forces**  
**Situation Source of Worry to Old-Line Democrats**

FORT WORTH (Tex.) Sept. 24. (AP)—The State of Texas, ever a paragon of Democracy, now is experiencing the greatest political surprise of its life. For the first time in history the Republican party actually is seriously talking about carrying Texas in a national election, and just the thought of that possibility is giving old-line Democrats a headache.

A Republican victory would be a political eighth wonder of the world, say these Democrats, and they refuse to believe that it can happen. But there are some, even many, Democrats who say it can happen and they are striving to see that it does. For the Democratic party of the Lone Star State is split, and badly so.

To find the exact line of cleavage in the problem of the assessor of facts who want to answer the question—Smith or Hoover? For all practical purposes this is a one-party State; it rarely gives office to a Republican in local affairs and in national affairs never has given less than a very comfortable two-to-one majority to the Democratic candidates, and often a greater margin.

**PROBLEM AS TO OUTCOME**  
The Republican party, with the opposition divided, offers temporary shelter to the Democratic anti-Smith forces. Together they create what doubt there is as to the outcome in Texas. In its simplest terms the problem is: Will Democrats quit the party of Alfred E. Smith and vote for Herbert Hoover in sufficient numbers to upset the normal ratio?

An inquirer making the rounds of political camps draws three answers to the question—two affirmative and one negative. Republican and anti-Smith headquarters say "yes," regular Democratic leaders say "no." All can cite ample precedent to support their convictions that the State that was host to the Democratic convention will or will not turn down the convention's nominee.

In any event this State of many violent political battles—but heretofore all of them at the Democratic primaries—is decidedly restless and has been for some time; practically since the Madison Square Garden affair, so far as Smith is concerned. It was at the head of the recent Houston convention when Texas, led by their Governor, Dan Moody, sought to wedge an ultra-right plank into the party platform.

# SONS OF NOTED FATHERS MEET

**Robert Taft and Robert Bacon Discuss Plans for Hoover Campaign Speeches**  
WASHINGTON, Sept. 24. (AP)—Two men whose fathers sat side by side in Roosevelt's Cabinet crossed paths today in the office of Herbert Hoover.

More than a quarter of a century ago the late Robert Bacon and William Howard Taft, now Chief Justice of the Supreme Court, were handling the portfolios of State and War in Washington under Roosevelt.

Today, Robert Bacon and Robert Taft, their sons, came to Washington to discuss their part in the fight to make Hoover a successor to Roosevelt. Both will be speakers in the campaign.

and threatened to take their fight to the convention floor.

Since then both have quit the party like leaves falling in autumn, including this number some outstanding leaders. Thomas B. Love, former national committeeman, is one of them. He withdrew as a candidate for lieutenant governor in the run-off primary, declaring it seemed hopeless to cope with the Smith forces on the State ticket, and now he is a leader of the anti-Smith army. With him are former Gov. O. E. Colquhoun, Alvin Moody, president of the anti-Smith Democrats, a number of heads of educational institutions, leaders of the clergy, and even some of the regular Democratic county organization members.

A majority of these persons are lumped off into a group by the regular Democrats who say they have been disgruntled dissenters for some time, that their voices are their only weapons and that they have no great following.

In the minds of these leaders the fight goes back to the "Ma" Ferguson campaign for the Governorship in 1923 against the Republican, Dr. George C. Butte. They assert that in that campaign, waged by the Fergusonists against the Ku Klux Klan and other factions, the Republicans received all the unstable Democratic support that could ever be wanted away from the Democratic party.

**NORMAL VOTE**  
Although the normal Republican vote for Governor is below 100,000, Dr. Butte, receiving the Klan vote and the anti-Ferguson Democratic strength, polled approximately 300,000, being defeated by Mrs. Ferguson's 222,000. Democratic headquarters declare that the total pro-Hoover vote, and anti-Smith vote, including the now feeble Klan, cannot be greater than Butte's, and that therefore there is nothing to lose sleep over.

Strangely enough, the Republicans and anti-Smith people use the same figures, and derive great nourishment from them. The Republicans are shooting at 450,000 votes, all told, and the anti-Smith profess to be able to deliver more than half of that total. When they talk of votes at anti headquarters, they point to a large map of Texas, studded with colored pins that denote the spread of the organized movement against Smith. Speakers are being sent out over the State as fast as they are available, and a lot of volunteers speaking against Smith are coming from the pulpits. And so it is that these Democrats who always fought Republicans now radiate confidence that Hoover will win in November.

The regular Democrats are not overlooking this feverish organization work among their former colleagues. For the first time in their careers they have opened headquarters with which to fight the two enemies. They take comfort in the fact that Senator Sheppard, idol of Texas drays, has reconciled his views with those of Smith and has endorsed the Governor, and the fact that Gov. Moody has pledged his support to the ticket, although the latter has indicated that he will not be available for any stump campaign. All other nominees of the party likewise have endorsed the national ticket.

**TARGETS OF ATTACK**  
Most of the fire of the Texas revolt is publicly aimed at Smith's prohibition stand and Tammany connection, but there are some objectors who readily say they do not want a Catholic for President. The anti and the Republican headquarters declare they make no issue of religion, but nevertheless it is a much-discussed topic.

Some mention of it is found in literature distributed to the voters, an example being an issue of the Constitutional Democrat, published by former Gov. Colquhoun. The front page of the September issue, a four-page leaflet, reprints a story from the June 5 New York Herald-Tribune about a speech by Mayor Walker in which he complimented the Catholic church for its work in the city. Under the reprint in parentheses appears this legend: "The inference from the speech of Mayor Walker of New York City as reported in the New York Herald-Tribune is that he would favor establishing diplomatic connection between the United States government and the Pope at Rome. Mayor Walker is regarded as one of Gov. Smith's closest friends and by some as his mouthpiece."

As viewed by the regular Democrats, their big problem will be to get out in November. The same voters who participated in the primary. Heretofore, they point out, it has not been necessary to rally the loyalists to the last man, but they mean to do so this time. When the State does get down to casting its ballots a sizable lump of the total will be counted in the six large counties of the State.

The larger counties are Dallas, Tarrant, Harris, Bexar, Wichita and Travis. In Dallas, Tarrant, Harris and Wichita, regular Democrats expect that Hoover will make his best race, but should he win them, they believe that the margins will be so small as to be easily overcome in normal Democratic zones. Other Democratic leaders say the normal Republican strength is in the German vote and that the Germans probably will vote for Smith. San Antonio, one of the largest cities in the State, lies in Bexar county and is normally the most Republican of Texas big cities. It also is considered the wettest of the State's large cities and Smith people are expecting a heavy vote there.

# G.O.P. LEADERS SEEK HARMONY

**Neumiller Issues Call for State Committee**  
**Central Body to Complete Party Organization**  
**Chairman Blocks Parrot by Adjournment**

BY FLOYD J. HEALEY  
SAN FRANCISCO, Sept. 24. (Ex-Press Staff Correspondent.)—Charles L. Neumiller, chairman of the Republican State Central Committee, issued a call today for another meeting of that body in the Palace Hotel here at 11 a.m., Saturday, October 6, next, to complete the business of organization which was balked last Saturday by the benchmen of Kent Parrot of Los Angeles.

Barring another outbreak of the fight for State patronage which the Parrot satellites are waging at the command of their leader, the committee at its next meeting will endeavor to complete its organization and name a chairman for the activities of the next two years.

**PARROT MAKES TROUBLE**  
The fact that Parrot formed an alliance with ex-Sheriff Finn, San Francisco's political boss, until the voters repudiated him a year ago and chose a time to stage his patronage rally when the entire legitimate Republican organization in California has been united to give Hoover a mighty majority in the Presidential lists, is seen by observers as a pointed indication of the

desperation of the southerner to retrieve what he can from the fast-accumulating wreckage of the machine that was built with the intention of controlling the entire State.

Parrot's method of procedure at last Saturday's meeting of the State Central Committee was to have his right bower in Los Angeles challenge the committee's acceptance of telegraph proxies, although it has never been done before and such proxies have been accepted in the voting procedure of the committee as long as it has been in existence.

**CHAIRMAN SAVES DAY**  
With the meeting thrown into confusion it was then the plan to place in nomination for chairman the name of Walter Allen, Los Angeles harbor commissioner, who continues to hold a pivot position among the stripped gears of Parrot's machine.

The ruse was successful to the point where it threw the meeting into confusion but failed to attain its second goal because the meeting never reached the point of receiving nominations.

Chairman Neumiller, whose work at the steering wheel of the committee has won him the plaudits of

# FAMINE BRINGS GIRLS' SALE

SHANGHAI, Sept. 24. (AP)—Marriageable girls of the famine area along the Chihli border in Northeast Shantung are being sold in Shansi as a means of relieving the distress in thousands of homes, said Earl Baker, of New York, who returned today from his second inspection of the district. He said that the famine area is 80 per cent larger than he believed it to be a month ago. At that time he said it was thirty miles wide and 100 miles long.

Mr. Baker said that Shansi is the best market for marriageable girls because that province had experienced a shortage of women since the famine there of 1920-21. At that time Shansi women were sold just as Shantung and Chihli women are now being marketed, thus depleting the feminine population. He stated that some girls are bringing as much as \$200 in gold.

all in the party who have been working sincerely and earnestly for party harmony, is a candidate to succeed himself.

Neumiller checkmated the real aim of the Parrot-Finn combination by adjourning Saturday's meeting, subject to call, after four hours of wrangling.

# Colorado Farm Group Indorses G.O.P. Ticket

DENVER, Sept. 24. (AP)—A meeting of 200 farmers and farm representatives called by John P. Coen, chairman of the Republican State Central Committee, today indorsed the Republican platform by resolution and called on the farmers of Colorado to support the Hoover-Curtis ticket.

The meeting, Coen explained, was called to "refute the assertion that Colorado farmers are becoming disaffected with Hoover and with the farm policies for which he stands."

# PRIMARY VOTE TOTAL COUNTED

**Johnson's Final Tabulation Gives Him 420,219**  
**Ballot Over State Placed at 740,556**  
**Contest Brings Out Lowest Number in Years**

SACRAMENTO, Sept. 24. (AP)—The official statement of votes in the primary election August 26, last, as announced by Secretary of State Jordan today, showed the following results in the race for United States Senator:

Hiram W. Johnson, Republican, 420,219; Charles H. Randall, Republican, 22,710; Minor Moore, Democratic, 94,194; Wiley J. Phillips, Prohibition, 33,071; Randall, Prohibition, 33,071; Lena Morrow Lewis, Socialist, 23,067; Johnson, "write-in," Democratic, 591; scattering vote, 1813.

On the November ballot Johnson will be the Republican candidate; Moore, Democratic candidate; Randall, Prohibition, and Lewis, Socialist.

Votes cast totaled 740,556, against a total registration of 2,009,500, the statement showed. This is estimated to be a 36 per cent vote. This is one of the lowest totals in years. The 1922 May election brought out a 46 per cent vote and the general election in 1924 totaled 70 per cent.

Completion of the enlargement of the Canal-dy-Midi in France will require eight years.

**AUCTION**  
TODAY AND TOMORROW  
Tues.-Wed., 10:00 a.m. and 7:30 p.m.  
September 25th and 26th  
LUXURIOUS FURNISHINGS  
OF  
**Mrs. Hazel A. Slocum**  
136 Fremont Place

**"Mother Knows Best" First Feature With Dialogue**

Louise Dresser and Madge Bellamy Victorious

**Chic Sale and Shaw Speech Elicit Enthusiasm**

BY EDWIN SCHALLERT

A deep hush falling tensely upon an eager audience... moments of mysterious quiet, curious and foreboding... eyes fastened intently upon a luxurious living-room and upon Louise Dresser... a door opening... measured silence... then voices, blending in repressed, dramatic, gripping conversation...

And a new chapter in the history of talking pictures is written.

It was the final reel of "Mother Knows Best" which had its gala premiere last night at the Carthay Circle Theater. This is the first feature production with Movietone dialogue, and it is a revelation. It marks the entrance of the Fox Film Corporation into the major field of the synchronized story picture—the second organization to achieve this distinction.

The dialogue in "Mother Knows Best" is limited to perhaps a single reel, but it is unquestionably history-making. The picture is in many respects the most important with sound that has been shown since "The Jazz Singer."

"Mother Knows Best" tops off a remarkable program, in which the movie with a voice is throughout dominating. I do not know of any program so far presented with the new color and aural blending of entertainment that has been more consistently interesting. It is apparently assembled with the one end in view of scoring an overwhelming triumph.

The new reel is exceptional. It combines a compelling political speech by Herbert Hoover, with some clever and natural remarks by Sir Thomas Lipton on his hopes of winning the yacht-race trophy next year from America. There is a bit of comedy for which a capital responsible that it is unequalled in appeal. There are other items both serious and amusing that intrigue the audience.

However, the new reel, lauded enough in the past, perhaps, is secondary in this instance to the Chic Sale number, "Marching Through," and the intimate and informal talk by George Bernard Shaw, in which he succeeds in revealing that he is not the "horrible man" he is supposed to be. This disclosure is done, however, with many touches of delicate irony that go to prove that Shaw is, after all, a veteran enfant terrible. In this expression may be permitted, Shaw's principal point of attack in this instance is Mussolini and among other things he impersonates amazingly the Italian dictator. The kindly flow manner and the incisive Shaw humor as projected from the audible screen make one feel as if he really knew the celebrated British author.

The sale number, familiar in vaudeville, but disclosing many new variations, is one of the best staged short subjects that has ever been disclosed. In some ways, it is even a greater accomplishment than the feature picture, because it points a way to the much-heralded new technique in sound-film production. Doubtless, credit for this goes to Marcel Silver, who directed.

The sale film, which is based on the sketch sometimes called "The Man Who Knew Lincoln," has almost the Chaplinesque mingling of humor and pathos. There is no scene more charming than the one where the old Civil War veteran and his little grandson both set forth from their home together in the night. As effective a touch as any that has been attained in sound pictures is the bark of the dogs heard as from a distance, while the two, old man and the little boy, shamble down the lonely lane together.

"Mother Knows Best" may be hailed as a new interpretation of the eternal maternal love theme, and as such adds something to the all-too-limited scope of screen plots. It would be a good picture without sound; it is in many aspects a great picture because of it.

I think that within the first scenes from a story and situation standpoint are those at the very beginning. The pitiful first struggles of the mother to have a career, the ambition of a mother, the desire to both mind and heart that is unforgettable. An entire epic—tried and true word-of-the-suppressed ambitions of a mother, the desire to see this ambition fulfilled in her child, is here visualized with uncompromising reality. No story perhaps in older or more true than this to one who knows either the stage or the screen, New York or Hollywood.

Naturally, "Mother Knows Best" is the story of a selfish ambition. Perhaps this point is too strongly stressed at times in the later portion of the story for the most perfect actually. One psychological circumstance, at least, is to me missing from the production, and that is the peculiar subordination, a subordination of love, that grows up in the case of the daughter. However, with too much emphasis on subordination, the picture could only have had an ending, and that would have been an unhappy one.

"Mother Knows Best" sacrifices something psychologically to the box office. But what it gives all in all is fine enough to compensate. With the single exception that certain sequences are far too long dwell on, and the ending possesses a forced sentimentality, when you analyze it, there is naught to give but commendation. The picture should, however, be shortened, for there is a tendency at times toward tediousness.

The acting and direction deserve some superlative comment. Madge Bellamy and Barry Norton are the featured principals, in addition to Louise Dresser. Miss Bellamy's work is bound to be sensationally rated. It evidences a maturity and repression that she has never at any time equalled. In the early portion of the picture she tells the whole story of self-suppression with hardly the quiver of an eyelid. These scenes are amazingly directed, and photographed. Of the impersonations that Miss Bellamy did, the one of

**WINONA WINTER WELL RECEIVED**

Winona Winter is paying her yearly visit to Pantages this week... and when that variety house adds this clever, blond impersonator's name to its bill, one may be reasonably certain of an enthusiastic audience waiting to give her an enthusiastic reception.

Those who counted on this were not disappointed yesterday afternoon. The audience was there, and as was Winona, who completely charmed them from the beginning to the end of her act.

To be true, her offering was identical to the one she presented last year, but no one seemed to mind. One enjoyed the experience of Tiller the Toller with all the relish of its first audition. The girl of the night club, too, had lost none of her charm and the little chorus girl who asked, "Oh, why did that guy pick on me?" in a treble and fearful voice, stopped the show just as she did a year ago.

Without a doubt, it was Winona who was the bright and shining light on the new bill, in spite of other acts which ranked above average.

The first of these was "A Garden of Roses," billed as a musical comedy cocktail. This act was colorful, unique, and boasted some enjoyable vocal accompaniments to a pleasing number.

A boy with a pleasing voice added some enjoyable vocal accompaniments to a pleasing number.

Those whose musical tastes travel banjo-wards probably had blistered hands from applauding the numbers offered by Joe Roberts. Roberts knows his keyboard backward, forward and sideways... and can play anything from a symphonic arrangement of "Rhapsody No. 2" and with equal ease and without a doubt he is a banjoist of real merit. His numbers were clean cut in every instance, a quality rarely found in the rendition of difficult banjo numbers.

The Three Olympians, a trio of chaps who took turns holding each other at arm's length in midair, and the Ernie Fennell Revue, concluded the stage offering.

"Court Martial," a Columbia production featuring Jack Holt and Betty Compton, was the screen attraction. Others in the cast included Doris Hill, Pat Harmon, Frank Lackie and George Cowi. George Sells directed.

**Hodges Scores at Boulevard**

Jimmie Hodges, eastern musical comedy star, is proving decidedly the hit of the season at the Boulevard Theater, where he is starred in the elaborate stage revue which is presented in connection with "Just Married." Anne Nicholas's farce-comedy with James Hall, Ruth Taylor and Lila Lee.

Jimmie, with his pretty partner, Irma Lee, offers song, dance and comedy novelties that have "topped the show" at every performance so far, reports say. The popular Boulevard chorus, under the direction of Ernie Fennell, offers unique routines this week, one of the unusual specialties being the "Train Number."

**WEST AND BAND ATTRACTION**

Snappy syncopation by Sam West and his West Coast Syncopators is proving an attraction at the Uptown Theater this week, where this popular jazz band is featured on the stage in connection with showings of "The Red Dance." Dolores Del Rio's new starring vehicle, a synchronized Movietone score is employed with the romance of the Russian revolution. Charles Farrell plays opposite Miss Del Rio for the first time. Val and Eric Stanton in "Out Yourself a Piece of Cake," offer an amusing talking Vitaphone act, and Fox Movietone talking news is featured on the program.

**"NIGHT CLUB GIRLS"**

"Night Club Girls" is the burlesque which occupies the Polite Theater stage this week. It is a peppy presentation with fun and dancing predominating. The comedy is handled by Chic Barkham and Max Coleman. Soubrettes Hazel Miller, Billie O'Neill and Violet Wagner work in all the scenes. The chorus of forty youthful merry-makers and Albert Gran are in the act, and Fox Movietone talking news is featured on the program.

**ACTORS TALK AT TOWER**

There is pleasure in hearing the voices of the cast in "Lights of New York," the Warner Brothers 100 per cent talking picture, which opened yesterday at the Tower Theater. Helen Castello, Cullen Landis, Gladys Brookwell, in fact, all the members of the cast spoke with frequent clarity in the various scenes of the photoplay.

**Reformatory Sets Erected by De Mille**

As unusual in its dramatic background as it is startling in its subject matter, "The Goddess Girl," Cecil B. De Mille's latest screen production, now in its last two weeks at the Biltmore Theater, presents for the first time a reform school as a motion-picture setting.

The story, written by Jeanie Macpherson, deals with modern American youth and the proky class of the plot finds the four leading players in a reformatory. These characters are portrayed by Lila Baquette, Marie Prevost, George Duray and Eddie Quillan.

In order to include this unusual locale in "The Goddess Girl," De Mille constructed at the studio an exterior acting rivaling in size the tremendous set representing the Temple of Herod, which was used in "The King of Kings." Several huge buildings, fenced off in the customary manner, were erected from photographs and sketches of various reform institutions in several States.

**GUN PLAY FREQUENT IN DRAMA**

**"State Street Sadie" Opens at Warners; Stage Show is Excellent**

BY MARQUIS BUSBY

"State Street Sadie," which opened at Warner Brothers Theater yesterday, has quite a struggle to rise above the level of mediocrity. It wasn't for the dialogue, which sort of enlivens things, it might even be accused of being a bad picture.

However, Larry Ceballos comes gallantly to the fore with one of the best stage presentations of the year. His revue, quite appropriately named "Gorgeous," has all the color and spontaneity that a revue should have, and seldom does.

To return to "State Street Sadie," the latest entry in the ranks of the Vitaphone talkies, it is nothing more or less than just another motion picture. The scenario, direction and acting are uninspired. As for that scenario, I wish Warner Brothers would buy a new one.

As one might surmise from the title, "State Street Sadie" is a story of the underworld. I don't know why I should waste the plot again; you know it. But, if you're curious, it is the story of a man's revenge on the crooks who caused his brother's death. Trading on a marked resemblance to his brother, the man mingles with the underworld crowd, until he is at last face to face with the chief, whose identity has been shrouded in mystery. The man is aided by a girl, who is out for revenge on her own account. The climax depicts a gun battle between the police and the crooks, wherein the bad boys stop a lot of bullets, and virtue is rewarded bountifully.

There are several dialogue sequences, the most effective being those of Conrad Nagel and George Stone. Nagel's voice, of course, is one of the best to be heard in the medium. Stone's voice records excellently. William Russell, as the underworld leader, is well cast. Myrna Loy, in the name role, makes a mediocre appearance. It is difficult to judge her voice in the one sequence where she is heard. It is audible and that's all.

Motion-picture producers agree that the great need of talking pictures is good dialogue, but so far nothing has been done about it. The dialogue of "State Street Sadie" could have been written by any high school sophomore.

A short Vitaphone feature, "The Crocodiers," has considerable merit. The three boys sing "Mississippi Mud" like nobody's business.

The most effective feature of the stage show is the Rouse at Vert ballet. In this number, costumes of the chorus girls change in color miraculously from red to green and from black to gray. Ceballos, apparently, has a brand new trick up his sleeve for every show. "Lions' Stream" is sung pleasantly by Eva Olivetti and James Burroughs, with a white ballet accompanying the song. Frank Borzay's dancing is sensational. Fred Doris Walker, the Pearl twins and the Tommy Atkins sextette again come in for their share of applause.

Stage settings and costumes were designed by Earl Quick.

**Pascal Drama in Rehearsal**

Los Angeles' only original production of the new theatrical season took form yesterday when the first rehearsal of "The Marriage Bed" was conducted.

With its host of stage and screen players in the cast and Robert Milton, prominent Broadway director, in charge, Felix Young, producer of the French farce drama, announced the piece would be shaped for premier presentation October 15 at a downtown theater yet to be announced.

"The Marriage Bed" represents the first original stage play to receive a downtown introduction since "The Great Kipper," the sprightly comedy which achieved a lengthy run at the Belasco Theater a year ago.

The new drama will not lack for want of recognized stage talent, according to Young, who has assembled a company of favorites. Alice Joyce and Owen Moore are the co-stars, and the supporting players are Fritz Ridgeway, character comedian; Sylvia Beecher, feminine lead of the cast; Spence Blanche, Frederick, Doris Lloyd, James Bradbury, Jr., and William Davidson.

**Forty Weeks to Credit of Play**

"The Desert Song" will complete its fortieth week at the Majestic Saturday night with no evidence of any letdown in its popularity, asserts the management. Possessed of a story rich in romance and action set amid colorful surroundings with a Sigmund Romberg score which reveals this composer in his worst mood, and sung by a company of general vocal excellence, "The Desert Song" is characterized as one of those operas that comes only once in a blue moon, or something like that.

Perry Askam, Johnny Arthur and Tansi continue in their major capacity where they have established themselves.

The end of the run is near.

**LAFAYETTE'S EVENT**

A parade of mannequins displaying the latest creations from Paris in sport, street and evening dress will be a feature of the specially arranged program in Miller's Cafe Lafayette this evening. Miss Evelyn Miller, designer and creator, just returned from a trip to Paris and will present the show. Other novel musical features have been orchestrated by the Lafayette's dance orchestra.

### KOEHN'S SECOND TRIAL STARTS

Self-Styled "Desert Rat" Acts as Own Attorney

Judge Denies Request for Change of Jurisdiction

Jury Quickly Procured and Hearing Commences

FRESNO, Sept. 24.—Denied a change of judges for which he made a motion and acting as his own attorney, Charles O. Koehn, Mojave Desert prospector and miner, went to trial in the Superior Court here today for a second time on charges of attempting the life of Superior Judge C. E. Beaumont, and malicious use of explosives.

The jury disagreed in his first trial last month.

**PREJUDICE CLAIMED**

In making his motion that other than a Fresno county judge sit in the present trial instead of Judge Beaumont, Koehn charged because of their close associations with Judge Beaumont, the complaining witness, that local judges are prejudiced against him. He said that in view of the court's rulings against him in the former trial, he believes that he cannot receive a fair trial before a Fresno county judge.

A jury was selected in record time, the twelve men who will hear the evidence being selected in less than an hour.

Koehn exercised but one peremptory challenge, removing from the jury box Mrs. Blanche Baymiller, who was the only woman in the box. The District Attorney exercised four challenges for cause, and the court excused four talemans who admitted prejudice.

Judge Beaumont was the first witness. He testified concerning the finding of the bomb with the half-burned fuse on his front porch on the morning of March 16.

Testimony as to the explosive potentialities of the bomb was given by Bland Casabiet, a local chemist.

**ATTORNEY RETAINED**

With the opening of the case Koehn advised the court that he will employ an attorney to act as legal adviser during the trial, and it was announced that T. F. Allen of Bakersfield will act in that capacity. Koehn recently dismissed attorneys who defended him at the first trial and two who were subsequently retained.

Members of the jury are: Roy D. Canant, David W. Cullen, James E. Dwyer, John P. Hoot, P. Strickner, Ara P. Normant, Ernest A. Jorgensen, John Armstrong, Otis D. Lyon, Peter Rudholm, Claude L. Stapleton and Joseph B. Byrne.

In his dry, desert-trained, deliberate way, Koehn attempted to impeach the testimony of Judge Beaumont.

When the judge testified that he did not remember opening the coffee can bomb which he found on his front porch when he went out in the early morning to get his paper, Koehn referred to Beaumont's testimony in Koehn's preliminary hearing.

"But you testified then that there was gasoline in case of the case," Koehn accused the jurist.

"Maybe I did," Beaumont admitted.

Koehn hung on this point at some length, questioning and re-questioning the judge as to whether he did or did not open the can. Finally Beaumont replied with some heat: "I don't see that it makes any difference whether I did or didn't open it."

Another witness, A. B. McKinney of Kern county, testified, "I heard Koehn say: 'If Judge Beaumont gives a decision against me I will cut him to pieces—or worse to that effect.' McKinney referred to Kern county suit, over which Beaumont presided and dissatisfaction over which the prosecution alleges is the motive for Koehn's attempted bombing.

"When did I say that?" Koehn demanded of McKinney on cross-examination.

"About three days, I am not sure, before you got in jail up here," "Are you sure I said I would, or I ought to cut him?" Koehn asked.

The witness said he wasn't sure. Koehn sat down with a dejected "that's all."

### RELATIVES AFRAID OF FOUL PLAY

Police Asked Regarding Mrs. D. E. Piplin, Missing Since Early in June

BAKERSFIELD, Sept. 24.—Fearing that her sister has met with foul play, a Fresno woman has written to Police Chief Phil Fickert seeking his assistance in the search for Mrs. D. E. Piplin, 26 years of age, who left her Lindsay home three and one-half months ago, intending to come to this city. Since that time, none of her family has heard from her.

Mrs. Piplin left Lindsay early in June, according to the letter from Mrs. A. Woods, 645 P street, Fresno. "We fear foul play has come to her," Mrs. Woods wrote.

The missing woman formerly was Miss Lydia Irene Salter of Dinuba. She has dark brown naturally curly bobbed hair, dark eyes, and is tall and slender, her sister stated.

### SECOND DEATH FEARED FROM CARMEL CRASH

MONTEREY, Sept. 24. (P)—While arrangements were being forwarded for the funeral tomorrow of Jack Mulgard, killed in an airplane crash at Carmel Sunday, doctors today declared that the crash may result in a second fatality. William Cronwell, who was riding in the plane with Mulgard when it fell, is said to be in a critical condition. His spine is believed to have been fractured.

**VOTERS TO PASS ON BONDS**

SAN FRANCISCO, Sept. 24. (Exclusive)—Bond issues with an aggregate of \$13,200,000 will be given to the voters November 6, next, following approval of eight projects by the Board of Supervisors today.

### CITY ASKS FOR CHANGE OF COURTS

Los Angeles Petitions That St. Francis Damage Suits be Removed from Kern

BAKERSFIELD, Sept. 24.—Litigation involving more than 1500 damage cases, each one entailing a jury trial, looms for Kern county if Judge Erwin W. Owen denies a motion made here today for a change of venue from Kern county to Los Angeles county in the hearing of thirty-seven suits against the city of Los Angeles for loss of life and injuries following the St. Francis dam disaster.

City attorneys representing Los Angeles as defendant in the actions, and attorneys representing the thirty-seven plaintiffs, who have already filed damage suits amounting to \$1,600,000 in this county, argued for and against a change of venue today. The cases, in so far as the motion for a change of venue is concerned, are consolidated. Lawrence Edwards, as attorney for the plaintiffs, is opposing the motion and Fredrick Von Schader and Kenneth E. Scott, deputy city attorneys for Los Angeles, are urging the motion.

County Clerk Smith was informed today that should the motion for a change of venue be denied, 1500 damage complaints, each one calling for a jury trial, will be filed in this county for hearing before local judges. It means that Kern county will be the scene of the most extensive damage litigation in recent years, if not the entire history of California.

### Charles Bonner Dies at Home of Pneumonia

FRESNO, Sept. 24.—Charles C. Bonner, 59 years of age, president of the Bonner Packing Company and widely known pioneer fruit packer of the San Joaquin Valley, died at his home here this morning after a week's illness of pneumonia. He leaves his widow and two children, Doris Bonner, now making her home in Paris, and Charles Bonner, here. Funeral services will be conducted privately at 10 a.m. Wednesday at the family residence.

Mr. Bonner was born in San Francisco, February 4, 1869, and came here after graduating from the University of California in 1889. He entered the business of fruit growing with his stepfather, Frank Locan, which was incorporated as the Bonner Vineyard in 1892. In 1899 Bonner became associated with James Madison, the local playboy, a prominent part in the operations of the California Associated Raisin Company. The business for the next twelve years was known as Madison & Bonner, with Bonner as secretary and manager.

On the 16th inst. Bonner took his first airplane ride as a member of a party of local business men who were taking a trip to Kings River Canyon in a big trimotored Ford plane. He had complained of not feeling well on the previous day, and on the following day his physician ordered him to bed, diagnosing his ailment as double pneumonia.

### Connor at Rest in Modesto

VISALIA, Sept. 24.—Funeral services were conducted today in Modesto for C. M. Connor, 61 years of age, Tulare county farm adviser and pioneer in organization of the Farm Bureau here. Connor died in the University Hospital in San Francisco Saturday following an illness of four months. The County Farm Bureau office here was closed today out of respect to his memory and to permit members of the staff to attend the funeral.

An infection, believed to have been contracted early in May, when his physical condition was weakened by work in the St. Francis Dam disaster, was the cause of death. He leaves his widow and a daughter, Louise.

**FARM STOCK INCREASED**

OROORAN, Sept. 24.—The Lone Oak Farm, Inc., owned by C. H. Glenn, A. P. Hays and J. B. Boyce, has increased its capital stock from \$25,000 to \$200,000.

### PARK PREPARES FOR WINTER

Sequoia Employees Rushing Work Necessary for Long Cold Months of Inactivity

SEQUOIA NATIONAL PARK, Sept. 24.—With parts of the State sweltering in unseasonable heat, it is hard to realize that within a few weeks there will probably be several inches of snow on the ground at Giant Forest, here. Crews for the concession company and the government are preparing buildings and camps for winter storms. Great piles of firewood must be cut, hauled and stowed away for the mess hall and the ranger who will be in charge during the winter. Dead trees must be cut down where there is danger of their falling and damaging the buildings.

Quantities of wood are required for the camp at Ash Mountain checking station and trucks are constantly hauling wood down from the mountain. At any time of the year when a load of freight is hauled to Giant Forest a load of wood is brought down on the return trip. There are twenty families in the winter colony at Ash Mountain, besides the road crew and other men required during the winter.

Camp sites must be cleaned up, water pipes drained as soon as it begins to freeze, and water shut-off to prevent the pipes breaking. Picnic tables and garbage cans from various camps are stored as the camps are closed. Canvas is taken down and stored, together with stoves and army cots. Some of the roads have to be braced so that snow will not break them. Phone and light wires are changed, so that one ranger left in charge can attend to everything from his cabin. Windows at the lodge dining-room and some of the other buildings

### CAR OVERTURNS, KILLING GIRL

May Fearon of Hanford Dies of Gasoline Burns

Both Parents and Brother of Victim Hurt in Accident

Sharp Curve Encountered in Darkness Cause of Crash

TAFT, Sept. 24.—Pinned beneath the wreckage of an overturned automobile while a stream of gasoline saturated her body, Miss May Fearon, 19-year-old Hanford girl, died on the highway west of here last night from the effects of inhaling gasoline fumes. The girl's father and mother, Mr. and Mrs. Joseph Fearon, and her 16-year-old brother, were injured in the crash. The accident occurred on the Paso Robles-Devil's Den highway, eighty miles west of Bakersfield, when the car in which the family was returning to Hanford, following a week-end trip to Pismo Beach, overturned on a sharp curve.

According to traffic officers, the machine was traveling about thirty-five miles an hour when a sharp turn in the highway suddenly loomed ahead in the darkness. On the curve, the rear wheel of the car slipped off the pavement, and the instant the machine skidded and overturned. For ten minutes the accident victims were pinned beneath the machine, until passing motorists extricated them. The girl, it is believed, was dead when taken from the car. She had suffered first and second-degree gasoline burns, and a scalp wound, but it is believed that fumes from the spilling gasoline which poured over her entire body, were responsible for her death.

Fearon, who was driving the machine, was seriously hurt. Both of his collar bones were fractured and several ribs were broken. His wife's right collar bone was broken, while the son suffered minor cuts and bruises. A 4-year-old girl, who accompanied the Fearons to Pismo Beach, escaped injury.

Miss Fearon was an employee of the W. M. Erwin Motor Company and a sister of Mrs. Gladys Bowman at Hanford. Mr. Fearon is connected with the Hanford Water Company. The dead girl was brought to the morgue here, and her parents to a hospital.

### ARIZONA MAN DIES OF INJURIES

BAKERSFIELD, Sept. 24.—Jose Quasada, 30 years of age, of Hayden, Ariz., died today at a local hospital from injuries received August 26, when his machine overturned on the ridge after colliding with another car. Quasada's back was broken. The Arizona man leaves his widow and two children, all of whom suffered minor injuries in the crash, but recovered within a few days and were taken to their home in Hayden.

### Chief Engineer on Inspection

SEQUOIA NATIONAL PARK, Sept. 24.—F. A. Klitzberg, head engineer for the Bureau of Public Roads, from the San Francisco office, has been in Giant Forest inspecting work done this summer. He has gone over the new road and to Halfway Meadow, where the surveyors are working on plans for the next section of the road. He has also inspected some of the new trails in and out of the high sierras. The latter part of the week he went to Gen. Grant National Park with Dan Tobin, acting superintendent of Sequoia and Gen. Grant parks. Klitzberg has been accompanied on these inspection trips by Trail Inspector Edwards from San Francisco.

### Robinson Hooks Fish on Outing

HOT SPRINGS (Ark.) Sept. 24. (P)—Senator Robinson, who temporarily has secluded himself in a retreat in the Ozark Mountains to rest up from the political campaign, went fishing today and came home with a string of eleven.

It was the first fishing expedition he had made since formally accepting the Democratic Vice-Presidential nomination. Although the Senator was taking a nap when press correspondents called at his "hermitage" Carry Martin, his secretary, said he had enjoyed the outing and intended going again tomorrow.

## POWER UTILITY EARNINGS RISE

Nevada-California Electric Issues Report

Net Gain for August \$4962 on 1927 Period

Twelve Months' Increase of \$118,881 Shown

Net earnings of the Nevada-California Electric Corporation and subsidiary companies, available for dividends and bond redemptions, increased 8 per cent for August, compared with August, 1927, and more than 13 per cent for the twelve months ended August 31, last, compared with the preceding twelve months. It was revealed in a statement issued yesterday by the company.

August earnings, which are after all charges, including depreciation and discount and expenses on securities sold, totaled \$66,678.52, as against \$61,716.34 in August, 1927, an increase of \$4,962.18, or about 8 per cent.

Earnings after similar charges for the twelve months closed August 31, last, aggregated \$1,015,704.92, as against \$906,823.81 for the twelve months ended August 31, 1927, an increase of \$108,881.11, or more than 13 per cent.

Gross operating earnings for August increased \$12,198.52, or more than 3 per cent, to \$434,465.29. Gross revenue for the twelve months increased \$171,677.07, or about 3 1/2 per cent, to \$5,345,136.36.

Operating profits for August amounted to \$237,618.27, as against \$227,586.59, a gain of \$10,031.68, or more than 4 per cent. The twelve months operating profits aggregated \$3,064,642.12, as compared with \$2,837,678.14, an increase of \$226,963.98, or 8 per cent. Interest charges for August totaled \$122,721.08, and for the twelve months, \$1,451,511.22.

The Nevada-California Electric Corporation subsidiaries serve the electric and agricultural sections and growing industrial centers in part of Southern California. More than 90 per cent of the subsidiary companies are in California. With the exception of a few small areas the service furnished is exclusive.

## CALIFORNIA RAND SILVER REPORT OUT

Total ore extraction of the California Rand Silver Incorporated for the twelve months ended the 1st last, amounted to 46,940 tons, according to a report mailed to stockholders by Alfred Harrell, president. Total revenue derived from operations during the year amounted to \$240,000. Dividend distributions, including a special of 5 cents a share, amounted to \$140,000. In his report to stockholders Mr. Harrell pointed out that unless new ore bodies are discovered within the next few months the mill will have to close, as ore on hand is sufficient for only 180 days.

## Espee Reports August Profits at Lower Level

August net railway operating income of Southern Pacific Company, amounted to \$5,462,781.91, a decrease of \$153,553.71, or 2.7 per cent, from August, 1927. It was reported yesterday in a statement issued from the local office of the company. Net operating income for the first eight months of the year, increased \$2,644,615.84, or more than 9 per cent, to \$32,365,208.52.

Gross railway operating revenues for August aggregated \$26,463,292.61, and net revenue from railway operations, \$8,050,294.59, a decrease of \$210,912.20. Gross revenues for the first eight months of the year, increased \$1,192,581.01, and net revenue, \$80,128,977.17, an increase of \$2,497,061.39.

Operating expenses from the month of August totaled \$18,912,958, and for the eight months, \$142,855,548. Equipment, a debit, increased \$14,422, to \$214,413 for August, and for the eight months increased \$281,554, to \$4,038,422.

## Union Gasoline Exports Mount

With the sailing Saturday for Australia of the oil tanker Bohemian Club carrying a cargo of more than 3,000,000 gallons of Union Oil Company gasoline, the total gallonage of this California gasoline to clear the local harbor during the past four months for Australia has passed the 15,000,000-gallon mark, according to port statistics. Of this movement of Union gasoline, approximately 12,000,000 gallons was transported by tankers, the balance being made up of package goods for interior points of the island continent.

Based on shipments by the Union Oil Company during the past four months, it is estimated that this company alone will ship to Australia and New Zealand at an aggregate of 50,000,000 gallons of gasoline during the twelve months ending April, 1929.

## Cotton Ginning Report Bullish

WASHINGTON, Sept. 24. (AP)—Cotton of this year's growth gained prior to the 16th inst., totaled 2,496,282 bales counting 103,306 round bales as half bales and excluding linters, compared with 2,804,585 bales including 160,739 round bales for 1927 and 2,809,513 including 161,851 round bales for 1926. The Census Bureau announced today.

Ginnings prior to the 16th inst. by States follow: Alabama, 80,025; Arizona, 16,250; Arkansas, 105,132; California, 6093; Florida, 3240; Georgia, 111,485; Louisiana, 199,824; Mississippi, 119,061; North Carolina, 3012; Oklahoma, 58,162; South Carolina, 24,976; Texas, 1,862,596, all other States, 7002.

## London Daily Radio

BY ARTHUR W. KIDD

(Copyright, 1929, by New York Evening Post, Inc.)

LONDON, Sept. 24. (By Wireless)—The markets were quietly steady today, the only feature being the sharp rise in Mond Nickel shares. The fortnightly settlement showed a small reduction in the account except in a few speculative favorites.

Dullness in American exchange was, however, a restraining factor. Also a return of the Prime Minister marks a commencement of the autumn political campaign when the Conservatives, Labor and Liberals will, during the next few weeks, be disclosing the chief planks for next year's election campaign.

At the close the market was interested chiefly in active buying of a few speculative favorites for new accounts. The outstanding feature was Mond Nickel, which advanced from 5 3/4 to 6 7/16, during the day.

## PACIFIC COAST LIFE RISK SALES DECLINE

August sales of new life insurance in the Pacific Coast section recorded a slight decrease compared with August, 1927, and sales for the first eight months of this year and for the twelve months period ended August 31, last, held at the level of the respective preceding periods, according to a statement just issued by the Life Insurance Sales Research Bureau.

The West North Central section and the South Atlantic section were the only other two districts of the country to show a falling off. Sales for the entire country increased 3 per cent for August and 4 per cent for the eight months.

## STANDARD OIL SEASON OPEN

Annual Crop of Rumors Out; Stock Dividend Hopes High, Although Cash Extra More Likely

BY EARLE E. CROWE  
Standard Oil rumors are having their annual run of popularity. Every year about this time the investors and the speculators let their imagination play on this stock, and the result is a series of conjectures on what action the Standard Oil directors will take to swell the purses of the stockholders. These rumors center mostly around the stock dividend possibilities, with some attention given to subscription rights, a higher cash dividend rate, and extra cash dividend.

If past performance is a reliable index of policy, there is ground for the hope that a melon of some kind will be cut for the stockholders before the end of the year. Since 1924 the Standard Oil stock has been without some form of extra disbursement to stockholders, ranging from stock dividends, stock rights to extra cash payments.

At 104.50 the Argentina gold peso is virtually at the point at which the yellow metal could be shipped to this country. Argentina last year drew over \$100,000,000 in gold from London, South Africa and New York on account of its abundant crops.

It has a gold-conversion fund of 80 per cent and as this is a dull season of that country and money is plentiful, it is probable that a large amount of gold could be spared than in London.

Until last year the Argentine government had maintained an embargo on gold shipments since 1914, but under existing conditions gold may now flow outward as well as inward. Official figures of exports from Argentina in the first seven months of 1927 showed an increase in tonnage of about 65 per cent, valued at \$181,000,000.

Sales Increase for Jewel Tea

CHICAGO, Sept. 24. (Exclusive)—Sales of the Jewel Tea Company for the four weeks ending the 8th inst. were \$1,130,311 as compared with \$1,046,448 for the corresponding period last year, an increase of 8.01 per cent. The average number of sales routes for the same period totaled 1108 against 1080 last year, an increase of 1.65 per cent in selling units.

Sales for the first thirty-six weeks of the current year amounted to \$10,632,559 as compared with \$9,784,849 for a like period last year, an increase of 8.67 per cent. For these weeks the average number of sales routes totaled 1103 as against 1081 last year, an increase of 1.10 per cent in selling units.

## New Fumigating Plant Projected

SAN FRANCISCO, Sept. 24. (Exclusive)—Construction of a general fumigating plant for all sorts of commodities including cotton, on the San Francisco waterfront, is planned by the California Cotton Mills Company, J. R. Miller, vice president of the company announced today.

Plans for the new structure are now being prepared and it is estimated that it will cost approximately \$100,000. Mr. Miller said. The California Bear and Harbinger Commissioners has allotted 11,000 square feet of space between Berry street and China Basin for the project, which will include a three-story building containing three fumigating retorts.

## Graham Truck Sales Increase

DETROIT, Sept. 24. (Exclusive)—Shipments of Graham Brothers trucks from the Dodge Brothers factories in August, set a new high record for any month in the current year by 10 per cent, and 60 per cent increase over August, 1927. Officials of the company announced today.

The increased volume of business is attributed in part to the fact that retail deliveries of Canadian dealers were three and one-half times greater in August than for the same month a year ago, and that shipments to overseas dealers showed an increase of 48 per cent in the same period.

## Rumor Italo May Boost Stock Par

In connection with the special directors' meeting of the Italo Petroleum Corporation of America to be held in San Francisco tomorrow, it is reported in local financial circles that directors are considering changing the par value of the capital stock. It is understood that there are two propositions before the directors: the first calling for increasing the par value to \$10 and the other for a \$20 par value.

It is said that the majority of the directors are in favor of the \$20 par. It is understood that the company is planning a convertible feature on the preferred stock, details of which have not been worked out.

## NEW PLANT OF FIBER CONCERN READY SOON

SAN FRANCISCO, Sept. 24. (Exclusive)—J. R. Miller, treasurer of the National Automotive Fibers, Inc., announced today that the company's new plant in Detroit would be in operation within ninety days. Mr. Miller recently returned from Detroit and reported that the company's project there is progressing satisfactorily. A new machine designed to supplement the present stuffing gun used in making seal backs and seats for automobiles will be installed in the Detroit plant, he stated.

## NEW UTILITY OFFERING ON MART TODAY

American States Issue of \$1,600,000 Will be Used for Expansion

Davis, Longstaff & Company will offer shortly \$1,600,000 American States Public Service Company first lien 5 1/2 per cent gold bonds, Series "A," due in 1949 in connection with the acquisition of eight additional water companies on the Pacific Coast, increasing total holdings to more than \$6,000,000. It was announced yesterday. Proceeds of this issue will be used for the retirement of underlying securities of subsidiary companies and to reimburse the company in part for the property acquired.

Manufacturers' Trust Company, W. C. Langley & Co., and Bonbright & Company, Inc., are offering \$6,000,000 of new issue of 6 per cent cumulative preferred stock of the Rochester Central Power Corporation. Upon completion of the new financing, the corporation will own directly or indirectly, all outstanding common stock of a group of operating companies including the Rochester Gas and Electric Corporation, Elmira Water, Light and Railroad, and the New York Central Electric Corporation.

F. W. Chapman & Co., Inc. is offering today at 97 1/2 and accrued interest to yield over 5.8 per cent a new issue of \$1,625,000 Onite Cattle Water Corporation, first mortgage collateral trust 5 1/2 per cent gold bonds, Series A, due July 1, 1933. A \$5,000,000 issue of Foreign Light and Power Company \$5 first cumulative preferred stock is being offered by a syndicate headed by J. C. Schroeder, Banking Corporation, at 100 and interest. More than \$5,000,000 of first preferred has been sold abroad by the Union Bank of Switzerland.

A \$5,000,000 issue of 7 per cent thirty-five-year sinking fund gold bonds of the Protestant Central Credit Union of Hungary will be offered today by a syndicate headed by E. H. Rollins & Sons and J. G. White & Co., Inc.

## Steel Mills in Ohio Area Near Capacity Level

YOUNGSTOWN, Sept. 24. (Exclusive)—Valley industrial situation continues to pick up and operations this week will be slightly over the 87 per cent mark of last week which set the record for the year, it was announced today.

A Republic Iron and Steel has added a blast furnace to its list and the plant is operating slightly above 80 per cent with this, an open hearth, four blast furnaces, and a bar and plate mill in Youngstown; seven open hearths, three blast furnaces and thirteen steel mills in Warren and eighteen steel mills in Niles.

Youngstown Sheet and Tube schedule is firm at 85 per cent. Youngstown Sheet and Tube and General Pipe-Proofing also are near the 100 per cent mark.

Carnegie continues at about 70 per cent. American Sheet and Tube, Newton is at capacity; Wadell; Thomas, 11; Mahoning Valley, 8; Falcon is idle. Independent tinplate mills continue to pick up. Operations and corporation schedules show 75 per cent.

## Copper Export Price Boosted

NEW YORK, Sept. 24. (AP)—Continued heavy demand for copper both in this country and abroad, which carried the domestic price to 15 1/4 cents a pound on Saturday, highest in several years, was followed today by an increase of 1-4 cent in the export price, to 15 1/2 cents a pound by Copper Exporters, Inc.

A new copper selling agency to be known as Phelps Dodge Sales Company, Inc., has been formed to market all copper heretofore sold by Phelps Dodge Corporation and the Nichols Copper Company. Operation will begin on October 1 and will include the output of the Phelps Dodge Corporation, Consolidated Arizona Mining Company, Old Dominion Company, Nichols Copper Company and its clients, including United Verde Extension Mining Company and Granby Consolidated Mining, Smelting and Power.

## NEW SUBSIDIARY OF PICKWICK FORMED

Pickwick Terminals, Inc., a new subsidiary of Pickwick Corporation, has been organized to purchase the site of the present terminal of the company at Sixth and Los Angeles streets, and has an authorized capital of 10,000 shares of \$100 par value. It was announced yesterday.

Construction of terminal is not planned for the present. No public offering will be made of the stock.

## CALIFORNIA STANDARD IN MARKETING PACT

NEW YORK, Sept. 24. (Exclusive)—Galena Signal Oil Company of Pennsylvania has entered into a twenty-year agreement with Standard Oil of California under which latter will market Galena oil and greases in the western part of the United States and certain foreign territories.

## COOPER PRICE ADVANCED

NEW YORK, Sept. 24. (Exclusive)—American Brass Company on Saturday advanced prices of copper wire and cable 1-4 cent a pound and today advanced brass and copper products 1-4 cent a pound, it was announced today.

## RETURN OF GOLD UNLIKELY

Movement in Volume to America Regarded as Highly Improbable on Financial Row

BY PAUL WILLARD GARRETT  
(Copyright, 1929, by New York Evening Post, Inc.)

NEW YORK, Sept. 24. (Exclusive)—Sterling's decline to 4.86 or to a level fractionally under the gold import point, suggests the possibility of a dribbling movement of metal this way, but the bankers close to the situation would be greatly surprised if the autumn imports should reach \$50,000,000. The best guess of the financial district is \$25,000,000.

The reason Wall street does not expect big shipments of yellow metal during the autumn is only partly based on a belief that the central bank authorities would step in to check any serious reversal of the gold trend. Their view is rather that the economics of the situation itself will not call for a sufficient drop in sterling to stimulate any substantial movement.

With the supply of bills small as the October peak nears, the conclusion bankers reach is that sterling may not fall much further, even on the date of its greatest seasonal weakness. A year ago sterling bills were not thrown on the market at any one time as was the case in former years, but came in gradually over a period. Apparently the autumn financing had been anticipated through purchases of futures. In consequence, the usual autumn depression in sterling was avoided. Substantially the same thing appears to be in process now.

Conservative bankers reckon that it would take no more than \$50,000,000 in bills or gold, or bills and gold, used wisely by the banks either to buy dollars or sell sterling, to keep the situation in hand.

On numerous previous occasions, the market has been quick to accept the possibility of a gold reversal, sooner or later as a bull point on stocks. Time alone will tell how accurate these predictions were. Certainly those who forecast a substantial inflow of gold with the approach

## LAGO VENEZUELA OIL OUTPUT SETS MARK

NEW YORK, Sept. 24. (Exclusive)—In the west, ended the first inst. Lago Oil and Transport Corporation produced 719,822 barrels of crude oil in Venezuela, a daily average of 152,768 barrels. This is a new high record and compares with 697,924 barrels produced in the preceding week, or 90,703 barrels daily. The previous peak was 411,040 barrels in the similar week of 1927, or 82,220 barrels a day.

## FOR THE INVESTOR SEEKING INCOME AND DEPENDABILITY

### Illinois Power & Light Corporation

\$6 Cumulative Stock. This leading Middle Western Utility serves more than 470 established and growing communities in Illinois, Iowa and Kansas, and a population of over 1,225,000, including the cities of Des Moines, Iowa, and Topeka, Kansas. The principal companies constituting the system have paid dividends on their preferred stocks without interruption for the last 28 years.

Price Market to yield over 6%

### Riverside Cement Company

6% Cumulative First Preferred Stock. This Company is one of the principal units of the Cement Industry on the Pacific Coast and has earned substantial profits in each month since the beginning of operations 12 years ago. There is no funded debt outstanding, and this issue has first claim on both assets and earnings.

Price Market to yield over 6%

### Mutual Stores, Inc.

\$7 Dividend Cumulative Preferred Stock. This Company is the largest food store chain in Northern California. Planning Campaign in Every Precinct

Mayor Smith will start at tomorrow morning at a noon luncheon gathering at the Los Angeles Convention Center. He will then proceed to the various precincts of the city to campaign for the power drive.

Fifteen States and 4500 Miles Covered in Trip

Left to right, Pilot J. B. Dickson, Harry H. Culver and Harry C. Hallbeck, assistant to Culver, back in Los Angeles after remarkable journey.

### TRIP SHOWS HOOVER GAINS

#### Harry Culver Returns from Tour Confident of Republican Nominee's Success

Fifteen States and 4500 miles, traversed in nine days, with thirteen speeches in behalf of the candidacy of Herbert Hoover was the record completed yesterday by Harry H. Culver, president of the National Association of Real Estate Boards, when he returned to Rogers Airport in his Stinson-Detroit.

"There is no fog on the Hoover horizon," said Mr. Culver. "In my trip I went as far east as Indiana, and I find that the farmers now want Hoover, believing this is no time for experiments. An intense interest is being manifested in the proposals of Hoover for the aid of agriculture, while the Smith chieftains are weakening."

Accompanied by his assistant, Harry C. Hallbeck, and pilot J. B. Dickson, the airplane left Los Angeles last Saturday, and after a night in Lawton, Okla., Sunday night at Tucson, arrived in Los Angeles before noon yesterday. The 2100 miles from Muncie was covered in twenty flying hours, and according to Mr. Culver, was a very staid proceeding with no thrills.

**TENOR OF SPEECHES**

In his aerial campaign for Hoover, his close friend, Mr. Culver avoided any attacks upon the Democratic party and its nominee. Instead of employing the out-of-fashion campaign of vituperation, he followed the plan of Republican National Chairman Work in stressing the constructive administration of the Republican party.

Particularly did the voice praise of the character and accomplishments of Mr. Hoover and he reported yesterday that he noted an instant response throughout the Middle West.

"Mr. Hoover is not a man of words," he said, "but a man of action, a pinch hitter. His close contact with our own national affairs since the war, his long and diversified experience in foreign countries, give him a perspective such as few men can have."

**WIDE EXPERIENCE**

"No man in our national life today can compete with the leader in breadth and scope of experience. Let us forget petty politics and think along new, practical, inventive and protective thought currents. This man was never fitted to be a cog in a wheel, he is fitted to be the balance wheel of great power."

"This is no time for gloom, or (Continued on Page 2, Column 5)

### POSTAL FORCE AUGMENTED

#### Forty Additional Mail Carriers Authorized for Los Angeles Due to City's Expansion

Postmaster O'Brien yesterday received word from the Postmaster-General that the local postoffice has been allotted forty additional mail carriers, with salaries ranging from \$1800 to \$2000 a year.

The rapid increase in population and business in Los Angeles has required additional mail carriers, making this city one of the most important mail centers west of Chicago. More persons are employed in the local postoffice than in any other office west of Chicago.

The increase brings the number of carriers to 1053, with 1061 clerks and a total of about 2600 employees in the local postoffice.

The men to be appointed to the new positions will be selected from substitutes in the local office and from the civil-service eligible list.

The assignment of the new carriers will be to new divisions, caused by expansion of the city, and to additional delivery in sections requiring more carriers.

## M'NABB NAMED AIDE TO FITTS

### Federal Attorney Accepts Chief Deputyship

Has Resided in Southland for Forty Years

Other Staff Appointments Being Considered

Announcement of his appointment of Samuel M'Nabb, United States District Attorney of Southern California for the past four years, as his chief deputy was made yesterday by Lieut.-Gov. Fitts, newly elected District Attorney of Los Angeles county.

Fitts will take office December 3 and M'Nabb, who issued a statement announcing his acceptance of the appointment, said he will not be able to perform the active duties of chief deputy District Attorney until the next session of Congress confirms the selection of his successor. He declared, however, that he expects the confirmation on the new United States District Attorney will be made early in December.

While Fitts yesterday declared he will appoint an assistant chief deputy and a chief of detectives before he assumes office, he said he is not prepared to state who the men will be who will fill these two important key positions. As to the rank and file of deputies now in the District Attorney's staff, Fitts said that the men who have demonstrated their capabilities will not be removed.

**QUALIFICATIONS**

"In appointing the personnel of the District Attorney's office," said Fitts, "I shall require three qualifications: first, unimpeachable honesty; second, a full appreciation of their relation to the public and of the duties of the office; and third, the highest degree of ability that I am able to obtain."

"It is in keeping with this policy," he added, "that I have selected M'Nabb, United States Attorney, the position of chief deputy in the office of the District Attorney of Los Angeles county, and I am happy to say that Mr. M'Nabb has seen fit to accept this post."

Fitts asserted that the men who will be appointed to the offices of assistant chief deputy and chief of detectives will be men of M'Nabb's caliber.

"I promised the voters of Los Angeles county in my campaign to conduct the office of District Attorney, fearlessly, efficiently and honestly," declared Fitts, "and I propose to gather around me men who are capable of assisting me to carry out that pledge."

**M'NABB PIONEER**

Mr. M'Nabb was a resident of Southern California for the past forty years and an attorney since 1908. He began his law career as a lawyer in San Bernardino.

In Washington he bears the reputation of being one of the ablest executives in the entire Federal Government.

Mr. M'Nabb said yesterday that while he will leave the office of the United States District Attorney to M'Nabb, he will continue to work for the work under Fitts.

"I have known Fitts for some time," he said, "and I admire him greatly. I will be happy to serve under him."

## GOLD RUSH PIONEER TO BE BURIED

### Rites for George H. Rose Will be Conducted at 2 p.m. at Inglewood

Funeral services will be conducted at 2 o'clock this afternoon at the family crypt in Inglewood Park Cemetery for George H. Rose, pioneer Los Angeles resident, who died of heart disease Saturday at the home of his daughter, Mrs. Elma P. Lewis, 3815 Motor avenue, Palms. He was 84 years of age.

Mr. Rose came to Los Angeles from Macon county, Missouri, at the age of 8 years, and participated in the gold rush to the Hangtown section, now Placerville. He later returned to Los Angeles and with his parents purchased La Brea, a tract of 3000 acres which is now Culver City. Additional land was purchased adjoining the La Brea and young Rose farmed a part of the section on which the new City Hall now stands. For a time he was associated with Lige and Bill Workman in the harness business, was an associate in business with the Pico, Hellman and Otis families. He owned and managed the first stage line which transported freight and supplies from San Pedro to the village of Los Angeles, the goods being shipped around Cape Horn for the early settlers.

At the time of his death Mr. Rose was still the owner of large land holdings in Los Angeles. Several years ago he collaborated with Harry Newman in the publication of "Sixty Years in California." He leaves an estate in Los Angeles valued at \$250,000.

Mr. Rose leaves five daughters, Mrs. Jessie Bell Sage, Mrs. Jessie L. Hinderer, Mrs. May Rose Moreland, Mrs. Nellie A. Miller and Mrs. Lewis.

## Hotel Keepers Want Next Year Gathering Here

### Hotel Keepers of the United States Meet in Annual Convention at Denver, Colo.

Hotel keepers of the United States who meet in annual convention at Denver, Colo., this week, will be urged to hold the 1929 sessions of the American Hotel Keepers' Association in Los Angeles.

The delegation from this city left for the Colorado capital yesterday. The innkeepers are making every effort to become familiar with the attractions of California and western points in order to be able to more fully advise tourists.

Accompanying the Los Angeles party to Denver are Harry Fryman, mayor of the Hayward, and Frank P. Evans of the Biltmore.

## Old City Hall Again Urged as Parking Station

### Possibility that the old City Hall site on Broadway between Second and Third may become temporarily an automobile parking station increased with the second offer for that purpose received yesterday by the Board of Public Works.

The offer came formally from Morris Feinberg, 705 Metropolitan Building. He proposes to pay the city a flat rental of \$25,000 per year for a five-year period, after the old buildings are removed, or he will give the city 60 per cent of the gross income from a parking station.

A similar proposition was made about two months ago by Andrew Pansini. Mayor Cryer has recommended that the Council raise the old City Hall and annex and lease the property.

## Students Found Shy on Walking

### Walking is a lost art among students at the University of California, according to a survey made by Dr. Llewellyn N. Buell, executive secretary.

The survey shows that while 2100 students, approximately 95 per cent of the total enrollment at U.C.L.A., live within walking distance of the campus, only 1032, or 17.3 per cent, actually walk to school.

In opposition to the foregoing, however, Dr. Buell states that he does not believe the students to be lazy, but rather pressed for time. Leaving formed the American habit of hurrying.

## DAM TO BE GUSTATORY SUCCESS

### Builders of San Gabriel Flood Control Will Have Regular Ritz Menu With Pie for Breakfast, But They Must Provide Own Dyspepsia Pills

There has been a lot of argument about the San Gabriel flood-control dam, but it will not take the decision of any court to determine one fact about it. No one will ever question that it is going to be a gustatory success. Pie will be served for breakfast even.

The Board of Supervisors yesterday made a gustatory contract with the Anderson Company, restaurateurs, under which the force of from 1500 to 3000 men, who will build the dam, will be fed, lodged and entertained.

For breakfast these men are guaranteed two fresh fruits, one cereal, one cooked cereal, two prepared cereals, two kinds of meat and eggs and two kinds of pastry, the latter item warranting expectation of breakfast pie.

For luncheon there will be served a soup, a salad, two relishes, two meats, one to be a roast, three vegetables, two desserts, four beverages, two or more breads and dairy butter.

Dinner will include a salad, two relishes, two meats, three (Continued on Page 2, Column 5)

## COUNCIL BACKS NEW VOTE PLAN

### Stephens Ordered to Prepare Charter Amendment

Citizens Petition Change in Election Methods

Proposal Combines District and at-Large Ballot

The City Council late yesterday took the first step toward placing on the November 6 general election ballot a proposed charter amendment to change the present system of electing Councilmen to nomination by districts with election of the fifteen Councilmen by the entire city.

City Attorney Stephens was directed by the Council to prepare this morning a proposed charter amendment for the new system to be placed on the coming general election ballot. As only President Bonelli and Councilmen Coiden voted against the motion to so instruct the City Attorney, it is predicted that the Council today will order the proposition placed on the ballot.

The Council's action was in response to a petition signed by representative citizens from all parts of the city, many of whom were active four years ago in working for a change in the at-large system of electing Councilmen to the present district representation.

**THE PETITION**

The petition said: "Disaffection with the present method of electing members of the City Council is general throughout the city and has resulted in a city-wide demand for a change in the present election methods."

"There are those who would abandon the district plan entirely and revert to the election-at-large plan. The undersigned citizens feel this would be a step in the wrong direction. We believe that the present method has proven a failure, but contend that the best features of the district-representation plan should be preserved and that we should have as well the best features of the election-at-large plan."

"We feel that the demand is so general for a change in election procedure that the City Council should submit to the voters at the November 6 election a charter amendment embodying this proposed amendment to the charter."

The vote by which the present method was carried by a slight majority, and this request for submission for the new amendment is joined in by many of those who were most active in securing the adoption of the present system. They do not feel that the plan they sponsored has not proved a success.

**HOW IT WOULD WORK**

Under the proposed charter amendment, the city will be divided into fifteen districts as at present. At the nominating and general municipal elections to be held in 1929, one Councilman shall be elected by the voters at large from each of the fifteen districts.

Councilmen elected from the even-numbered districts shall serve for two years, and those from the odd-numbered districts for four years. Thereafter their successors shall serve for four years.

Petitions for the nomination of any person to the office of member of the Council must be signed by residents of the district of which the candidate himself is a resident.

The primary ballot will be arranged for the 1929 primary nominating election so that the names of the candidates will appear on the ballot arranged alphabetically in groups under the district in which they are residents. The electors will be advised to vote for one of the two persons receiving the highest number of votes in each of the fifteen districts will be declared nominated, and the names will go on the ballot at the general election.

The ballot for the general election shall contain the names of the two persons nominated from each of the fifteen districts with the instruction, "Vote for one in each district." The person receiving the highest vote in each district will be declared elected.

At the nominating primary and general municipal elections to be held in 1931, Councilmen will be elected only from the even-numbered districts, so that there will be seven groups appearing on the ballot. In 1933 there will be eight (Continued on Page 2, Column 5)

## THE LANCER

### By Harry Carr

THE way this Santa Fe Springs oil well has been kicking up is some indication of the frightful rough house that must be going on inside the earth.

At some time in the remote past chaos must have broken loose in the southern country.

The lower part of Owens River Valley was once the playground of a forgotten volcano. Lava is piled up in great barriers as though it had flowed down the mountainsides in veritable rivers until it struck some cooling agency, possibly tea.

**SWIFT PUNISHMENT**

The calamity with which murderers are being convicted in Los Angeles lately makes this a very unpromising playground for crooks. So much so that there is a certain danger in the other direction. As, for instance, the case of the motion-picture people who attended a gin party and found themselves convicted of a murder that some of them scarcely knew had happened.

## THE TURK TURNS WEST

One of the most sensational and sweeping changes that ever came into the world is the sudden determination of the Near East and beyond to turn occidental.

There is much behind the change in the Turkish alphabet. It is the deliberate intention of the Turkish chieftains now in power to hook up Turkish thought to Western European writers—discarding the Persian classics by which they formerly turned.

Following that example—American, English, Russian, American or Afghanistan has grabbed that half-drilled country by the seat of its pants and hurled it into the middle of the twentieth century—with modern schools and a Parliament.

## BLOODTHIRSTY

Lord Oxford's published diary brings new light on the secret councils of England during the World War period.

Among other things he states that Admiral Fisher resigned because the other British statesmen would not consent to shoot all German prisoners as a measure of vengeance for the German airplane raids over London.

## SPEEDERS

The value of ignorance is the cause of these traffic massacres. Men who really know motor cars seldom speed.

Driving with Clarence Brown, the motion-picture director, I commented upon the extreme care with which he drove.

He told me that he had been a designer of automobiles—a motor engineer—and he said, "after having driven a car for twenty-five years it takes all the concentration and all the skill that I can bring to bear to take a car safely through the traffic."

I once rode in a car piloted by a young man who drives about like the rest of them.

The other passenger in the car was Dario Resta, the demon racer. At the end of the second block he made the driver stop the car and he got out. He said if he was going to commit suicide he preferred to do it alone.

## LOEB AND LEOPOLD

There seems to be little doubt that this chicken-coop murderer got the idea from Hickman; and Hickman admittedly got the idea from Loeb and Leopold. The Chicago judge who saved them from the gallows has a lot to answer for. If by any (Continued on Page 2, Column 5)

### AUNT HET

BY ROBERT GUILLEN

"Some days I feel so mean I'd give almost anything to have something happen that I could get mad about."

(Copyright, 1928, Publisher Syndicate)

# Delays Now Loom In Extradition of Northcotts

## PAPERS TO GO VIA AIR MAIL

Investigators En Route to Attend Hearing

Canada Officials Speak of Two Weeks' Privilege

Articles Found at Ranch Will be Tested

A long, drawn-out legal battle, coupled with time needed to perfect the exchange of official documents between the United States and Canada, may delay for several days the return to California of Gordon Stewart Northcott and his mother, Mrs. Sarah Louise Northcott, wanted in Riverside county in connection with the deaths of four boys, as was indicated last night.

While Special Investigators Quinn and Kelly of Riverside were en route to Sacramento where the necessary extradition papers for the accused Northcotts were reported to have been prepared, dispatches from the office of Gov. Young indicate that it may be the latter part of the week before the documents are ready.

The two Riverside officials carried copies of the five indictments returned against the Northcotts and the warrants for their arrest, and expect to leave Sacramento tonight and reach Vancouver, B. C., where young Northcott is held in jail, Thursday morning. One of the officers was then to proceed to Calgary to secure Mrs. Northcott.

**PAPERS BY AIR MAIL.** Keith Carlin, the Governor's executive secretary, telegraphed Riverside county officials advising them to send him the necessary extradition papers. The Riverside officials believe that Quinn and Kelly are carrying all needed documents.

If the extradition papers are approved in Sacramento the documents are to be sent to the State Department at Washington, D. C., by air mail. Upon clearing of all possible legal technicalities the State Department is expected to telegraph its approval to Gov. Young, who in turn will notify the Riverside county officials that they may go to Vancouver, B. C., for the accused pair. State Department approval of the extradition papers is expected in Sacramento the latter part of this week, officials of the Governor's office declared last night according to dispatches.

**ATTORNEY THREATENS.** With the legal formalities between the two countries complete, and the Canadian authorities ready to assist in speeding up the extradition procedure, the California officials still face a threat of long delay issued by Frank Lyons, Vancouver attorney retained by Northcott to fight his return here.

The extradition hearing will start soon after the arrival of Quinn and Kelly in Vancouver. Lyons said last night that he is ready for the proceedings and would fight to keep the accused pair in Canada, which is their native country.

The Vancouver barrister said that he will seek the presence at the extradition hearing of Cyrus G. Northcott, father of young Northcott, Sanford Clark, nephew whose revelations are responsible for the investigation of the so-called "murder farm" and Jessie Clark, niece of the suspect.

**TWO WEEKS TO APPEAL.** A dispatch from Washington yesterday said that no difficulty is expected in obtaining the extradition of the Northcotts, but that they have two weeks to appeal and that an appeal would have to be argued.

"I do not quite understand what is going on across the border," Lyons is quoted in dispatches as declaring. "I have heard it mentioned that the Riverside authorities may fly to Vancouver. The preliminary at Sacramento, Washington and Ottawa before any legal documents can be obtained will take weeks. They will arrive here in plenty of time if they take a tramp steamer. I anticipate it will be at least two months before any real work can be done toward securing the extradition of the prisoners."

While the extradition battle is under way, Riverside and Los Angeles county officials will continue their investigation of various angles of the case. They will confine their search primarily to investigation of Northcott's movements, his apparent accumulation of funds, his asserted work in motion-picture studios and ownership of several automobiles.

**TESTS TO BE MADE.** Twenty-five or thirty articles found on the Northcott chicken ranch and at an isolated desert grave, fifty-two miles from Wineville, which the investigators believe will prove the identity of three of the lads Northcott is charged with killing, were turned over to J. Clark Sellers, criminologist, last night. The assortment includes fragments of writings, bits of paper, leaves from a dictionary, a piece of bone, pieces of cloth, a ball buckle, shoes and dirt from graves and the lower part of a boy's pajamas. Experts will start work today on these findings and expect to complete their tests by Wednesday night.

In the meantime El Monte officers believe that Northcott is responsible for forged checks floated there and San Diego police have requested a check on Northcott's whereabouts in May, 1927, in the belief that he may be able to aid in solving the mystery of the death of Nicholas Espino, 13-year-old youth.

A second test for human blood will be made today of spots found on the basement of the Brittan street home of the elder Northcott.

**NEW ANGLE DEVELOPS.** A new angle to the suspected activities of young Northcott was developed by the Riverside investigators yesterday when they discovered a small red-bound French-English dictionary with about 100 pages cut in the center in a diamond shape. The officers believe that the book may have been used by Northcott in smuggling diamonds, or that it may have been a receptacle for carrying a poison. The book contains no writing of any kind, but will be turned over to Sellers for examination today. Northcott's "tra" was picked up

## Brothers Tangled in Net of Crime

### JIMMY HAWKINS LEADER OF DENIES THEFTS 'SEA HAWKS' ON NEW JOB

Signed Confession to Get Sleep, He States

Johnny Backs Up Brother; Says He's Innocent

Detectives Aver Witnesses Will Prove Charges

Jimmy Hawkins sat in tears in the County Jail yesterday, beside his brother Johnny, former football star at the University of Southern California, and sought to repudiate the confession which officers assert he signed implicating himself in the series of burglaries previously admitted by Johnny.

"I was so sleepy," he said. "They wouldn't let me sleep for two nights and I didn't know what I was signing."

Johnny joined his brother in the statement saying that Jimmy has confessed to burglaries about which he knows nothing.

Joe Ryan, attorney for Johnny Hawkins, who is to be taken before Superior Judge Priests on the 27th inst. for a hearing on his application for probation, declared that Jimmy was an effort to block Johnny's efforts to obtain probation.

At the same time Fred Weir and Frank Turner, deputy sheriffs who made the arrest, remarked that they have obtained four witnesses who positively identify Jimmy as the man who was with Johnny on the day he burglarized the home of E. Calvert, 2021 Chevy Chase Drive, Glendale. The complaint charging burglary was based on this identification, they said.

Jimmy is scheduled to appear before Justice of the Peace Love of Glendale October 3, next, at 10 a. m.

## AMENDMENT SIX TARGET FOR ATTACK

Judge Wilson in Talk to Woman's City Club Cites Measure's Fallacy

Constitutional amendments and the public library were the subjects which occupied the attention of the Woman's City Club, meeting in the Belasco Theater yesterday afternoon. The speakers were Judge Wilson, Senator Chamberlain and City Librarian Perry.

"I am probably the only person in the city opposed to Amendment Six on the ballot of November 6," said Judge Wilson, who contends that the bill to extend the terms of members of the Board of Education and make the Supervisorship an appointive office is not legally clear, and that if passed it may have to be decided upon by the Supreme Court, with subsequent delay.

Based on the theory that the people have proved themselves incapable of choosing superintendents of public instruction, it not only will take rights from the people, but will throw the state into a direct political campaign of office-seekers," he said. "The bill is part of a country-wide campaign to strip power from the people and put it into the hands of a few."

Senator Chamberlain explained No. 2, a constitutional amendment on taxation, which he says is the most important of the twenty-one bills on the ballot. "There is a fatal defect in the present system of taxing intangibles," he said, "and last year's taxes were paid under protest by the banks. It is therefore necessary that quick action be taken."

The new system would measure the taxes of banks by net income, and tax other corporations equally.

According to Mr. Perry, the Los Angeles Public Library is threatened with a reduction of 2 cents out of 7 of its income, the fire department to benefit thereby at the rate of nearly \$75,000 yearly. "Two hundred and eighty thousand Los Angeles registrants are registered as library borrowers," he said, "and last year 5,760,000 books were in circulation. The library is a true center of education, and, equally with the schools, it deserves the support and protection of the public."

## TESTIMONY ON LA BREA UNDER WAY

Court Hears Appraisals of Property to be Condemned in Widening Work

Taking of testimony in the condemnation proceedings brought by the City of Los Angeles against property owners on La Brea Boulevard, between Wilshire Boulevard and Country Club Drive, preparatory to widening La Brea Boulevard, began yesterday before Superior Judge Bogue. The first parcel of property taken up is the one owned by the Bank of Italy at the southwest corner of La Brea and Wilshire boulevards.

The city plans to widen the boulevard to its present width of eighty feet to 100 feet, taking property from each side of the street. H. G. Holabird and Charles G. Frisby, for the city, appraised the Bank of Italy property at \$2250 per front foot on La Brea Boulevard. Testifying for the bank, J. R. Swan, R. E. Burton and R. V. Morrison, placed a value of \$6000 per front foot on the property.

All the property owners affected by the improvement assert the appraisals made by the city's appraisers are not sufficient. The hearing will continue for several days as each parcel of property is being considered individually.

## JIMMY HAWKINS LEADER OF DENIES THEFTS 'SEA HAWKS' ON NEW JOB

Signed Confession to Get Sleep, He States

Johnny Backs Up Brother; Says He's Innocent

Detectives Aver Witnesses Will Prove Charges

Jimmy Hawkins sat in tears in the County Jail yesterday, beside his brother Johnny, former football star at the University of Southern California, and sought to repudiate the confession which officers assert he signed implicating himself in the series of burglaries previously admitted by Johnny.

"I was so sleepy," he said. "They wouldn't let me sleep for two nights and I didn't know what I was signing."

Johnny joined his brother in the statement saying that Jimmy has confessed to burglaries about which he knows nothing.

Joe Ryan, attorney for Johnny Hawkins, who is to be taken before Superior Judge Priests on the 27th inst. for a hearing on his application for probation, declared that Jimmy was an effort to block Johnny's efforts to obtain probation.

At the same time Fred Weir and Frank Turner, deputy sheriffs who made the arrest, remarked that they have obtained four witnesses who positively identify Jimmy as the man who was with Johnny on the day he burglarized the home of E. Calvert, 2021 Chevy Chase Drive, Glendale. The complaint charging burglary was based on this identification, they said.

Jimmy is scheduled to appear before Justice of the Peace Love of Glendale October 3, next, at 10 a. m.

## AMENDMENT SIX TARGET FOR ATTACK

Judge Wilson in Talk to Woman's City Club Cites Measure's Fallacy

Constitutional amendments and the public library were the subjects which occupied the attention of the Woman's City Club, meeting in the Belasco Theater yesterday afternoon. The speakers were Judge Wilson, Senator Chamberlain and City Librarian Perry.

"I am probably the only person in the city opposed to Amendment Six on the ballot of November 6," said Judge Wilson, who contends that the bill to extend the terms of members of the Board of Education and make the Supervisorship an appointive office is not legally clear, and that if passed it may have to be decided upon by the Supreme Court, with subsequent delay.

Based on the theory that the people have proved themselves incapable of choosing superintendents of public instruction, it not only will take rights from the people, but will throw the state into a direct political campaign of office-seekers," he said. "The bill is part of a country-wide campaign to strip power from the people and put it into the hands of a few."

Senator Chamberlain explained No. 2, a constitutional amendment on taxation, which he says is the most important of the twenty-one bills on the ballot. "There is a fatal defect in the present system of taxing intangibles," he said, "and last year's taxes were paid under protest by the banks. It is therefore necessary that quick action be taken."

The new system would measure the taxes of banks by net income, and tax other corporations equally.

According to Mr. Perry, the Los Angeles Public Library is threatened with a reduction of 2 cents out of 7 of its income, the fire department to benefit thereby at the rate of nearly \$75,000 yearly. "Two hundred and eighty thousand Los Angeles registrants are registered as library borrowers," he said, "and last year 5,760,000 books were in circulation. The library is a true center of education, and, equally with the schools, it deserves the support and protection of the public."

## TESTIMONY ON LA BREA UNDER WAY

Court Hears Appraisals of Property to be Condemned in Widening Work

Taking of testimony in the condemnation proceedings brought by the City of Los Angeles against property owners on La Brea Boulevard, between Wilshire Boulevard and Country Club Drive, preparatory to widening La Brea Boulevard, began yesterday before Superior Judge Bogue. The first parcel of property taken up is the one owned by the Bank of Italy at the southwest corner of La Brea and Wilshire boulevards.

The city plans to widen the boulevard to its present width of eighty feet to 100 feet, taking property from each side of the street. H. G. Holabird and Charles G. Frisby, for the city, appraised the Bank of Italy property at \$2250 per front foot on La Brea Boulevard. Testifying for the bank, J. R. Swan, R. E. Burton and R. V. Morrison, placed a value of \$6000 per front foot on the property.

All the property owners affected by the improvement assert the appraisals made by the city's appraisers are not sufficient. The hearing will continue for several days as each parcel of property is being considered individually.

## Added LIFE for your FABRICS!

The Scott Tester Proves Delight's Long Life Washing Process

DELIGHT'S claim to long life washing processes are not merely guesswork nor unfounded predictions... they result from careful tests made over a period of time and verified scientifically.

The Scott Tester proves that our tailor-made soap and purified soda used in Delight long life washing process causes no harm to fabrics for this machine would instantly disclose any weakened portions in materials. Materials tested on this machine before and after laundry during show that after 100 washings 75% of the strength and color is still retained.

Clothes laundered at Delight are spotlessly clean and sweet... and fabric life is more than twice that of clothes subjected to less careful washing methods. Send a trial bundle today... 12 pounds for 50 cents... AKAridge 0151.

### HUMAN SAVINGS BANK OILED UP

**Excessiveness of Efficiency Castor Bean Given Boy Who Eats Nicks**

The ambitions of Harry La Mont, 8 years of age, to become a perambulating savings bank were cruelly foiled by police surgeons at the Georgia-street Hospital yesterday. Miss Esther Anderson, nurse at the Tenth-street grammar school, reported that Harry had swallowed a 5-cent piece during the morning classes.

It was the third time it had happened. Police surgeons prescribed, and inflicted, castor oil, and Harry was taken to his home at 1304 West Eleventh street.

During the convention will be playgrounds and recreation, conservation of wild life, city planning in its relation to parks and boulevards, so-called exhibits, horticulture and training of park executives.

### FRESHMEN TO ELECT PRESIDENT FOR CLASS

Assisted by the junior class, freshmen at the University of California at Los Angeles will meet tomorrow at 2 p.m. in Millsap Hall Auditorium to elect class officers. Jack Clarke, junior class president, will preside until a freshman proxy is elected. Traditional procedure has been for the sophomore to kidnap the freshman president immediately after his election, holding him until after the freshmen-sophomore "brawl," but this year, according to new regulations barring hazing on the campus, all kidnapping will have to occur off the university grounds.

### CRYER VETO OF ALL-YEAR FUND LOSES

**Council Over-rides Mayor and Declares Club's Work of Immense Benefit**

Taking the position that the city's contribution to the All-Year Club's advertising campaign is a sound investment that brings definite returns in increased tourists and property to Los Angeles, the City Council yesterday over-ruled the Mayor's veto of a \$30,000 appropriation for the club's work this year.

The Council several months ago placed the money in this year's budget and it could not be used for any other purpose.

At the time the Council but the \$30,000 in the budget the Mayor raised no objection to the appropriation, but later declined to sign the ordinance authorizing the contract with the club for the expenditure of the fund.

Councilman Hall, who has been a consistent supporter of the All-Year Club and who, with Councilman Randall, yesterday moved the ordinance authorizing the contract with the club be approved, said:

"The All-Year Club is responsible for bringing \$385,000,000 of new money per year to this section. The club's advertising campaign in eastern newspapers and national magazines has served to build up the tourist business. The cost of this advertising effort, compared to the cash return is only one-third of one per cent. It is difficult to conceive how a city could spend a similar sum of money to produce more actual revenue for its own coffers than this campaign is actually turning over."

### MERCHANT HOME FROM EUROPE TRIP

**German Progress Makes Notable Impression on James Oviatt**

James Oviatt, president of Alexander & Oviatt, is home from a three months' buying trip during which he visited the principal cities of Scotland, England, France, Italy, Austria, Germany, Switzerland and Czechoslovakia.

Mr. Oviatt, who goes abroad every year, says Germany has made a more marked advance in the past year than any other country during any five years previously. She is on a sound financial basis and he found it unnecessary to finance the manufacturers over there as he has been compelled to do in the past, for they are well able to handle it themselves at present.

German merchandise is now better made; in fact, it equals in quality that produced before the war. She is doing business with France and other former enemies and all animosity seems to have been forgotten. German stores that, before the war, had branches in Paris have re-opened there again. She is going out for foreign trade and is launching two boats this year which when completed, will be the finest on the ocean.

Though prices are extremely high in New York, there is a lot of money being spent.

Mr. Oviatt's acquisitions in the way of fall innovations will soon be displayed in the new store of Alexander & Oviatt.

### JUDGE'S DAUGHTER TO MARRY BANKER

**Charges Persecution by Police Official**

**Her Sanity Questioned in Enigma-Boy Case**

**Demand Investigation by Grand Jury**

Demanding a grand jury investigation of her imprisonment in the psychopathic ward of the General Hospital after she refused to acknowledge that the boy returned to Los Angeles was her missing son, Walter Collins, Mrs. Christine Collins yesterday appeared before the investigating body and related a story accusing Capt. J. J. Jones of the crime-prevention bureau of the police department of persecution.

The boy who Mrs. Collins asserts is not her son has been identified as Arthur Hutchens, Jr., of Cedar Rapids, Iowa, with officers here that the real Collins boy was slain on the Northcott ranch near Corona. Later the Hutchens boy admitted that he had posed as Walter Collins hoping to win a home, officers assert.

Mrs. Collins declared before entering the grand jury room, that Capt. Jones berated and abused her when she brought the boy back and said he is not her son.

"When I insisted that he is not my boy because of identification marks on his body, Capt. Jones announced that he was going to send me to the psychopathic ward for observation. I was forced to remain there from the 8th inst. to the 18th inst."

Dr. M. D. Steel of the General Hospital also was called before the grand jury to state his observations of Mrs. Collins' mental condition and Capt. Jones appeared to deny the charges made by Mrs. Collins. After hearing his testimony the grand jury adjourned until tomorrow when it will continue the investigation.

### MISS CRAIL BETROTHAL ANNOUNCED

**Social Favorite Soon Will Become Bride of Hugh H. Evans**

Miss Gladys Jane Crail, daughter of Judge and Mrs. Charles S. Crail and niece of Representative Crail, is to be married soon to Hugh H. Evans, bank manager of this city. Miss Crail's parents have announced that she is active in Los Angeles club and social affairs and in amateur literary endeavors. She was graduated from the University of Southern California and has spent much of her time since then in study and travel in this country and abroad.

Mr. Evans is the son of Mrs. B. H. Evans of Arkansas. Since coming to Los Angeles six years ago he has been with the Los Angeles First National Trust and Savings Bank, being at the present time manager of the Forty-seventh and Broadway branch. From the State of Arkansas he was selected for the special bank-training class at Columbia University, organized and sponsored by Frank Vanderlip. After two years spent with the National City Bank in New York Mr. Evans declined a position in Shanghai, China, to come to Los Angeles.

During the war he received his commission and was an officer in the United States Army. He attended Columbia College and the University of Arkansas, where he received his A. B. degree.

It is believed that the wedding will take place early in November.

### Stacks Remarry With Two Sons in Attendance

A simple home ceremony yesterday morning served to reunite Mrs. Elizabeth Wood Stack and J. Langford Stack.

The wedding took place at the Stack home, 411 South Ardmore avenue, with William Frederickson, an old friend of the bridegroom, officiating. Only the 10 and 12-year-old sons of the couple and a few close friends were present, among them being Mack Bennett, Dr. Dudley Fulton, Stack's physician; Mrs. Laure Wister Howard and several others. Following the ceremony a wedding breakfast was served.

Owing to Stack's ill-health there will be no attempt to take a wedding trip. With their two boys they will make their home at the Ardmore address for the present.

Mr. and Mrs. Stack were married first in 1916 and were divorced in 1921. Their reconciliation came about last week through a telephone conversation and the meeting which followed. He has been an internationally known polo player and she has long been prominent in Los Angeles social circles.

### MRS. COLLINS ACCUSES JONES

**Charges Persecution by Police Official**

**Her Sanity Questioned in Enigma-Boy Case**

**Demand Investigation by Grand Jury**

Demanding a grand jury investigation of her imprisonment in the psychopathic ward of the General Hospital after she refused to acknowledge that the boy returned to Los Angeles was her missing son, Walter Collins, Mrs. Christine Collins yesterday appeared before the investigating body and related a story accusing Capt. J. J. Jones of the crime-prevention bureau of the police department of persecution.

The boy who Mrs. Collins asserts is not her son has been identified as Arthur Hutchens, Jr., of Cedar Rapids, Iowa, with officers here that the real Collins boy was slain on the Northcott ranch near Corona. Later the Hutchens boy admitted that he had posed as Walter Collins hoping to win a home, officers assert.

Mrs. Collins declared before entering the grand jury room, that Capt. Jones berated and abused her when she brought the boy back and said he is not her son.

"When I insisted that he is not my boy because of identification marks on his body, Capt. Jones announced that he was going to send me to the psychopathic ward for observation. I was forced to remain there from the 8th inst. to the 18th inst."

Dr. M. D. Steel of the General Hospital also was called before the grand jury to state his observations of Mrs. Collins' mental condition and Capt. Jones appeared to deny the charges made by Mrs. Collins. After hearing his testimony the grand jury adjourned until tomorrow when it will continue the investigation.

### State Park Bond Proposal Finds Much Support

Amendment No. 4, the California State Park Bond Act, is being received enthusiastically in all parts of California and has an excellent prospect of approval by the voters on November 6, according to Senator Breed of Piedmont, author of the bill, passed unanimously by the last Legislature.

In a statement to the California State Parks Council Senator Breed has noted the strong support given this measure by many influential groups, including the California Federation of Women's Clubs, the California Congress of Parents and Teachers, the California League of Women Voters, the American Legion, the Native Sons and Daughters of the Golden West, the Automobile Club of Southern California, the California State Automobile Club, the National Automobile Club, the California Development Association and approximately 200 civic and commercial organizations throughout the State.

"The need for a State park program which amendment No. 4 will make possible is being realized throughout the State," said Senator Breed. "California's finest ocean beaches are being fenced off and lost to the public. The redwoods, oldest of living things, are being cut. Many other natural attractions and historic landmarks will soon be gone unless the State acts now to save some of them."

"The aim of the State Park Bond Act is to preserve the best of the beaches and of the redwoods, and other areas of outstanding interest throughout the State, in a comprehensive system of natural parks."

Another in a one-piece effect, has diagonal tucking and wears a boutonniere... another type borrowed from the street frock.

Crayon shades of Blue, Tan, Green and Rose. Misses' sizes 14, 16; women's sizes 36 to 42. Interesting values at \$12.75.

Better Home Frocks, BULLOCK'S, Fourth Floor

### Woman Fights "Shark" Attack

Complaint of the operation of assessment lien sharks was made at the City Hall yesterday by Mrs. James B. Carrington of 916 West Eighty-fifth street. Who is fighting foreclosure proceedings on her home because of her failure to pay within the time set \$7.20 interest of a street-improvement bond against her property.

A local bonding company, through its attorney, has filed foreclosure suits against the Carrington home and the adjoining lot which Mrs. Carrington owns.

Watching for overdue interest payments on street-improvement bonds, the bonding companies file these suits demanding full payment of the bonds under penalty of foreclosure of the property. They demand in this case \$50 attorney's fees on one lot and \$85 on the other, then add title-search fees and other charges. The net result is that the company is demanding in this case of Mrs. Carrington \$190.64 to prevent her from losing her home and \$238.67 in the case of the adjoining lot. In the latter case the interest payment on the bond which was overdue amounted to \$8.15.

### "Times" School Dishes Piquant

Mrs. Mabelle (Chef) Wyman's presentation of dishes possessing the charm of novelty is one of the attractions that makes The Times' cooking school the focal point of interest for housewives each Tuesday and Friday at 2 p.m. in the Southwest Building, 130 South Broadway.

The unusual entree for this afternoon is haddock fried in batter, with caper sauce adding a piquant flavor, while its culinary accessory, Spinach Arabien, introduces this health-inducing old stand-by in a new dress. As there were so many requests for desserts the salad has been omitted in favor of pineapple cake with pineapple ullaing, chocolate sour-cream cake and cottage cheese pie.

### Stacks Remarry With Two Sons in Attendance

A simple home ceremony yesterday morning served to reunite Mrs. Elizabeth Wood Stack and J. Langford Stack.

The wedding took place at the Stack home, 411 South Ardmore avenue, with William Frederickson, an old friend of the bridegroom, officiating. Only the 10 and 12-year-old sons of the couple and a few close friends were present, among them being Mack Bennett, Dr. Dudley Fulton, Stack's physician; Mrs. Laure Wister Howard and several others. Following the ceremony a wedding breakfast was served.

Owing to Stack's ill-health there will be no attempt to take a wedding trip. With their two boys they will make their home at the Ardmore address for the present.

Mr. and Mrs. Stack were married first in 1916 and were divorced in 1921. Their reconciliation came about last week through a telephone conversation and the meeting which followed. He has been an internationally known polo player and she has long been prominent in Los Angeles social circles.

### Speaker Shows Disproportional Representation

Urging a negative vote on the Boggs Amendment No. 1, in order that the present Amendment No. 28, so-called "Federal plan" for representation at the State capital may be suspended until the election of 1930, W. L. Pollard, in an address at the City Club yesterday declared that the present law, under which Southern California loses fair representation in the State Senate, not only is against the principle of democracy, but paves the way for soviet governance.

"As an example of the operation of the so-called 'Federal plan' take the Second Senatorial District," said Mr. Pollard. "Del Norte and Siskiyou counties have a population of 22,000, represented by one Senator. Los Angeles county, with its population of more than 2,200,000, also has but one Senator. In other words, those two northern counties possess about 100 times the power of sovereignty enjoyed by Los Angeles county. The twenty-seven northern counties have a population of 2,656,708, while the thirteen southern counties have a population of approximately 3,262,910. The southern counties, therefore, have a population of 606,000 more than the northern counties, yet the northern counties elect twenty-eight Senators to Southern California's twelve."

### Wife Charges Fraud in Her Divorce Suit

Declaring that her husband, Reuben L. Bliss, president of the California Dressed Beef Company, defrauded her when he agreed to pay her \$100,000 in a property settlement, Mrs. Julia M. Bliss was on the witness stand most of the day yesterday before Superior Judge Haas, where a hearing on her divorce action is being held.

The wife said that her husband, at the time of the settlement, told her the community property was worth only \$200,000. She asserted that since the settlement she learned he kept all of \$500,000 for himself. The settlement was made, Mrs. Bliss said, on April 13, 1926, when her husband wanted to leave her. At that time they had been married twenty-seven years.

Mrs. Bliss declares the settlement was unfair and asks that it be set aside and that she be given a divorce. She asks for half of the community property, \$500 per month alimony and the custody of two minor children.

### Intemperance Charge Brings Hardin Divorce

Ethel D. Hardin was granted a divorce from Collins Hardin, secretary-treasurer of the Los Angeles Building Trades Council, yesterday by Superior Judge Bogue on the grounds of intemperance and mental cruelty.

Under the questioning of her counsel, Attorney John J. Craig, Mrs. Hardin testified that for the last two years her husband became intoxicated every three months and remained in this condition for about a month. Such actions, she asserted, caused her considerable mental anguish.

The couple wedded at Riverside on June 11, 1925, and separated on August 12, last.

### New

and must be experienced to be understood

THE non-clashing, silent, "Synco-mesh" transmission is found only in the new Cadillac and La Salles.

The greatest contribution to ease of driving since the introduction of the electric self-starter.

You cannot know the truly modern automobile until you have driven the new Cadillac or La Salle. A phone call will bring a car to your door for trial.

Example: Start up any hill in high gear. If for any reason you want to drop into second gear, simply shift—there will be no grinding, no clashing of gears, no hesitation—only the smooth flow of power through the second gear, lifting the car over all driving obstacles until you shift easily into high gear again. Then do the same thing coming down hill.

From high to second gear at thirty miles per hour is easy in the new Cadillac or La Salle.

## RULE OUT PET HOLD OF LEWIS

"Strangler" Handicapped by Doro's Ruling; Left to Malicious

The strange hold is the only one that will be barred in the title match between Lewis and the champion, Doro, on Friday night at the Los Angeles Coliseum. Lewis, who has been called the "strangler" because of his habit of using the hold, was told by Doro's referee that he could not use it. Lewis, who has been called the "strangler" because of his habit of using the hold, was told by Doro's referee that he could not use it.

## RABBIT PUNCHES

PAUL LOWEY

### THE FLASH IN TENNIS

FOR those who like their tennis with a spectacular flourish the Messrs. Bunny Austin of England and Henri Cochet of France, who will be among the present at our second Pacific Southwest tourney, are recommended as the original w.k. flourishes.

### MORE STANFORD POWER

STANFORD'S failure to roll up an impressive record against the Presidio team at Palo Alto last Saturday doesn't mean a thing. Those early showings of Pop Warner's teams used to worry the Stanford adherents, but they have learned in the four years Pop has been at the "Farm" that he always has his boys on edge for the vital games and so they let him do the worrying now.

### AN UNKNOWN HERO

BEFORE passing from the favorite topic of football it is not amiss to call attention to a young man whom the chroniclers rather overlooked at the Bruin-Santa Barbara game the other day.

### PICK YOUR WINNERS

WHOOPS! That Coast League race just won't stay put. Here's Hollywood, apparently out of it last week, back on the map again and tied for the lead with Sacramento, San Francisco just a game back and the Missions, which were pison to Sacramento last week, only five games away in fourth place.

### JOLLEY TOPS COAST HITTERS

Smead Jolley maintains an even 400 batting mark going into the final week of the Coast League fall season. Jolley has participated in all of his club's 181 games and has hit safely 291 times. He has collected 190 singles, forty-eight doubles, ten triples and forty-three home runs for a total of 488 bases.

# HOLMAN AND STRATFORD WIN STATE DOUBLES TENNIS TITLE

SAN FRANCISCO, Sept. 24. (AP)—Granston Holman and Gerald Stratford of San Francisco won the state doubles tennis championship today by defeating Martin Liebes and Neil Brown, also of this city, 6-4, 7-5, 6-3. It was a postponed match and was played at the California Tennis Club.

# FOOTBALL FLASHES

BERKELEY, Sept. 24. (Exclusive) Scrimmage today revealed the first dark horse of the University of California football varsity. It is blond Stanley Barr, the versatile halfback who ran the University of California's offense last season. Barr has been coming along for some time and if now appears as if he has arrived. He and Lou or Bending Bannan have stolen the show in the capacity of halfbacks on the varsity.

### VAN NUYS GRIDDERS PRACTICE HARD

VAN NUYS, Sept. 24.—With the first game of the season only a little distance away the Van Nuys High football squad has started into real training under Coach Howard Provan. Tom Davis is the ace tackle of the local crew and around him will revolve much of the season's progress of the squad. The schedule of the San Fernando Valley High School League for this year follows:

### GARFIELD TAKES ON ONEONTA TODAY

Coach A. E. Fitzmaurice's President gridders of Garfield High scheduled for a tough workout this afternoon when they entertain the Oneonta Military Academy grid team in their second scrimmage of the season.

### OXY WARRIORS TO WORK IN ROSE BOWL TODAY

The sharp cleft shoes of some forty Occidental aspirants for regular berths on the 1929 Tiger gridiron team are expected to administer a tough beating to the turf in the Rose Bowl at Pasadena this afternoon when Coach Eddie Kienholz's Bengals have their first scrimmage and workout in their new home grounds. The squad will take the field shortly after 3:45 o'clock this afternoon.

### AL PUTNAM IN LINE-UP AT POMONA COLLEGE

CLAREMONT, Sept. 24. (Exclusive)—A highly important and much sought-after young athlete showed up for football practice here today. It was Al Putnam, the half-pint quarterback who starred on last year's undefeated freshman team at Pomona, and whose protracted absence caused Coach Eugene W. Nixon no end of worry and anxiety. Nixon needs a quarter back, and Al Smith needs votes, and although he isn't a rule, very partial to untried sophomores, young Al Putnam will see plenty of service this year.

### FEATHERWEIGHTS ON PASADENA FIGHT CARD

Bobby Hayden, Johnny Sheppard's featherweight hope, and Richie "Rit" Frazier, classy Crown City negro boxer, headline the Pasadena Arena fight card Thursday night when they meet in a feature ten-round bout on Morris Cohen's program. These two lads are fighting to settle a feud that started at the Crown City arena several months ago. Frazier won the first meeting by a nod, they drew in their second engagement and Hayden stopped Frazier two weeks ago. Frazier claims the knockout was fluke. Hayden declares he can do it again. Pasadena fans are anxious to see the outcome, Cohen declares.

### SAGEHEN TENNIS EVENT PLANNED

CLAREMONT, Sept. 24. (Exclusive)—Just as soon as he gets some of the preliminary duties of his office out of the way, Coach Bob Streible, track and minor-sports mentor at Pomona, plans to start the annual Myers Cup tennis tournament. The varsity members have already started working out for the event, which annually leads off Pomona's long program of tennis. Don Bent, Levan Zerbe, Lee Mills, Ted Campbell and Stoddard Ford are the big hopes this year.

# OLYMPIC MERMEN IN MEET

Coast Stars to Appear in A.A.U. Events Tonight at Hollywood Club

BY OLIVE HATCH  
Coast Olympic aquatic champions will appear in their first competition since the games in Amsterdam, in the Southern California A.A.U. championship meet tonight at the Hollywood Athletic Club. Clyde Swenson has promised to round up all of the local springboard artists of the last Olympic meet for exhibitions, beginning at 8 o'clock. In addition, he has lined up a Southern California 440-yard relay and a 220-yard championship race for his proteges. Austin Clapp, who placed in the Olympic paddling events.

The "race of the century" for swimming is planned by Swenson in the men's indoor 220-yard swim. Three amphibians will take to the water in this race with equal chances of winning the crown as smashing the old Pacific Coast record.

Little doubt remains in the H.A.C. coach's mind that a mark will be shattered, since Austin Clapp, in his best form, is to meet Weston Kimball of the Pacific Coast Club. All three lads have amassed local swim records by unusual flashes of speed during the past three months. Each has done around 2:20 or better in practice.

### OXY BASKETBALLERS HOLD FIRST PRACTICE

Four varsity letter men at Occidental made their appearance in the initial basketball practice of the year. It was a preliminary call for the Oxy cagers. Capt. Barnes Kitchner and James Baird, both forwards; Bob Getts, star center, and Ed Beebe, guard, all tossed the ball around the floor of a brief workout. Lawrence Demter, captain and star of the 1927 freshman crew and formerly an ace and leader of the Hollywood High School quintet, also put in his appearance. Demter is counted upon as a tower of strength in Coach Eddie Kienholz's 1928 cage edition.

### LINCOLN HIGH ELEVEN FACES BURBANK TODAY

Coach Bill Bates's Lincoln gridders are scheduled to tackle Jerry Gibson's Burbank High School eleven in a practice scrimmage this afternoon at Burbank.

### EXPECT ROMAN TEAM TO STAR

In his first year as head football coach at Los Angeles High, Dave Ridderhoff, former all-South Conference fullback, does not exactly expect to set the world on fire, but if his showing as coach of the lightweight squad for the last couple of seasons can be used as a criterion the rest of the City League coaches with little aspirations had better look out.

Ridderhoff isn't saying much but with four letter men back headed by Capt. Jimmy Owens, star quarterback, the Blue and White mentor doesn't have to. The three other grid letter wearers are Frank "Red" Houck, end; Dick Chapman, tackle, and Claybourne King, guard.

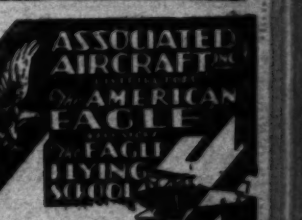

The backfield runs to Bob, three Romans with that moniker running with the first-squad back as far as Bob is concerned. Bob Reed and Bob Getts are the trio. Jimmy Owens completes the four ball packers. Owens weighed in at 150 pounds the other afternoon and coupled with his speed that much poundage ought to make a lot of yardage for the Romans this season.

# Jimmy Piela Faces Mastro at Hollywood

Earl Mastro has been undergoing a severe training grind in preparation for his coming bout with Jimmy Piela at the Hollywood American Legion stadium Friday night. The form shown by the eastern lad in his workouts will make him a favorite in spite of the fact that Jimmy is the harder hitter and has had more professional experience.

The Hollywood made event winner which many believe will be Mastro, is willing to remain at the stadium and meet all comers. Mastro only lacks experience from being a great featherweight, according to those who have watched the youngster in action. His fight with Fidel La Barba clearly showed that with another year in the professional end of the boxing racket Mastro will have to be considered a contender for the championship.

Young Nationalista, the Filipino, is signed for one more bout at Hollywood and it may be with Mastro.

Mr. Bellini, who was sentenced to hang for the murder of his wife, yesterday refused to consider a plea of insanity in the Supreme Court to delay his execution until after the trial of the man who shot him.

**SOCIETY GIRL NOW DANCER IN REVUE**

Lucille Page

CALIFORNIA is making a name as a region where theatrical work maintains such high standards that society girls compete with women of less advantages for footlight fame.

Latest of the girls of well-to-do parents in California to make good behind the footlights is Lucille Page, 18 years of age, who left a private school in Berkeley to train for stage presentations accompanying films.

Miss Page has climbed from the humble position as a line girl to be featured as a solo dancer in Fanchon and Marco productions.

David Bennett, New York musical stage director, on a recent visit to the Coast, stated he was amazed at the number of girls of well-known families who are seeking fame behind the footlights.

**BAR TO TRACE JURIST CHECK**  
Inquiry Opened on \$2500  
Given Judge Hardy  
Mrs. McPherson and Mother Made Payment

The first official step in the investigation by the California State Bar Association into the facts surrounding the payment of a \$2500 check to Superior Judge Hardy by Almeda Temple McPherson and her mother, Miss Kennedy, was taken yesterday when Judge Hardy, special prosecutor, requested District Attorney Keyes to give him the check and a copy of the transcript of Judge Hardy's testimony during the trial.

Shaw also asked for the testimony of Bernice Morris, secretary to a Long Beach attorney, who was one of the principal state witnesses during the preliminary hearing of Mrs. McPherson.

The Bar Association hearing on the check matter is scheduled to begin at 10 a.m. next Saturday. The investigation has been placed in the hands of a committee composed of Eugene Dancy of San Diego, Jesse W. Carter of Redding and David M. Burnett of San Jose.

Judge Hardy recently admitted accepting the check, but said that it had been given to him for legal services outside his courtroom and that in no way affected his work. The legal advice, he said, was concerning civil matters in Angeles Temple and had been given from time to time over a period of many months.

**FIRST DAM BOND ISSUE AUTHORIZED**  
Council Takes Action on \$500,000 Claims Growing Out of Disaster

The first issue of bonds, amounting to \$500,000, to pay claims for loss of life, personal injuries and damage to property arising from the collapse of St. Francis Dam, was authorized by the City Council yesterday. The \$500,000 claims have been paid, as the banks assisted the city by advancing the money.

The ordinance adopted yesterday authorizes the bonds, and the next step is fixing the date when bids will be received and opened. The bonds will have a lifetime of twenty years. The maximum interest rate is 6 per cent. City Attorney Stephens hopes that the bids will show interest rate as low as 4 or 4 1/4 per cent.

Other issues will be authorized by the Council as rapidly as claims are adjusted. They ultimately may reach \$10,000,000.

- A fortunate purchase makes it possible to feature these new Sports Type Coats at this interestingly low price of \$15—Wednesday.

Bullock's Basement Store

**Deer Rescued Swimming Off Santa Monica**

A deer swimming about a mile offshore from the coast highway eight miles north of Santa Monica gave bathers a thrill Sunday.

Ray Gidding, proprietor of Los Flores Inn, sighted the animal and Mr. and Mrs. E. H. Bechtel, 729 South Burlington avenue, occupants of a near-by cabin, with John Staden of the Pacific Electric claim department, put off in a boat to rescue it.

Seagulls were attacking the deer, which was swimming with only its ears and nose tips out of the water and it made straight for the boat when approached. The Bechtels and Staden, after much splashing around, got the animal into the boat and took it ashore.

It was turned over to Game Warden Jackson and Winer, who looked it yesterday morning in Topanga Canyon.

**Brother Ben Loses Suit to Brother Tom**

Ben White lost his lawsuit and Bill Waubop and George Hayes found White in Judge Ketch's court yesterday. This just suited Hayes and Waubop, they said.

White was suing his brother, Tom White, president of the Catalina Deep Sea Pictures Corporation, for \$100,000 for slander. Brother Tom had said he was a thief, he charged. Tom White denied this, explaining the most he had ever said against Ben was that he did not think he was to be trusted.

Thereupon his attorney, Milton Golden, called Waubop and Hayes to the stand. These two testified they had given Ben White their pay checks to cash in 1924, the sum of the checks being \$450, and that he had never brought the money to them.

"Been looking for him ever since. He was hard to find. This trial is the first chance we've had to see him," they said.

So the jury found against Ben White and Waubop and Hayes said they plan to file a larceny complaint.

**Sweetheart of Fleet Divorced**

She was in love with the Pacific Fleet, according to Lester M. Farley, Farley was telling Judge Sprout about his wife, Ellener Farley, from whom he wanted a divorce.

"She had a sweetheart, on every ship in the fleet, anyway," he said. "I asked her which she liked best, and she said she liked them all so well she couldn't say. But there were a lot of them she liked better than me, she said."

"Too many sweethearts and not enough decision. It's a big fleet," Judge Sprout observed. Farley got a divorce.

**NAMES TOO DREADFUL**

Wife Balks at Repeating Them and Wins Decree

Names that Edward Harry Larsen is asserted to have called his pretty wife, Emeline, were so dreadful that she refused to repeat them in court yesterday when applying for a divorce on the grounds of cruelty.

"What were the names?" asked Superior Judge Sheldon.

Mrs. Larsen blushed, stammered and then exclaimed:

"I—I can't repeat them—I can't."

Judge Sheldon passed a blank paper and a pencil to the wife, who hurriedly wrote the names she asserted Larsen called her and handed them to the judge. The latter, after reading them, passed them to the court reporter.

The decree was granted.

**CLUB TO FETE TEAM**

Breakfast Group Will Be Host to English Tennis Players

The members of the English Davis Cup tennis team will be entertained tomorrow morning at the Breakfast Club and will be introduced by Col. William Eric Fowler, an official of the Tennis Patrons' Association of Southern California.

Dr. Rufus B. Von Klenzsmid will be speaker of the morning's program. Joseph Regan, Irish tenor, will be chief artist guest. The hosts will be Frank E. Walsh and Sam Kress.

A talking-picture syndicate, with a capital of \$2,400,000, has been organized in Germany.

**Body of Doctor Showing Suicide Found by Maid**

Dr. H. B. Baker, 50 years of age, early yesterday morning was found by a maid, dead with a bullet wound in his head in his apartment at 426 South New Hampshire avenue. There was every indication that the wound was self-inflicted and the police are making an investigation.

Dr. Baker had come here from Chicago, where he had lived at 1234 Hood avenue. Papers found in his apartment here indicated he had been worried over financial reverses. Pending the arrival of a relative to claim his body has been sent to the county morgue.

**Mrs. Doherty to Assist Loyola**

Led by Mrs. Edward Laurence Doherty, wife of the oil magnate, as chairman, the women of the Southland today are preparing to do "their bit" in the civic campaign to raise a fund of \$4,000,000 for the construction of Loyola University.

Launching their endeavor at a luncheon meeting in the Biltmore Hotel, 100 representative women unanimously elected Mrs. Doherty as chairman. Mrs. Henry H. Lissner, lieutenant-general; Mrs. Arthur Wright, colonel, and Mrs. Frank D. Tatum, major.

Three scores of the women signed to serve as captains in the women's division, and each pledged herself to enlist five women to round out the women's group, which will work side by side with five divisions of men in the historic campaign to provide funds for the construction of the seventeen buildings of the new university.

**Belle Bennett in Court Today**

The white fox fur which Belle Bennett, film actress, declares was lost when she sent it to the cleaning establishment of Laurence Stoll, is worth \$150, according to A. F. M. Narlian, her attorney. Narlian declared yesterday that he will prove its value in Municipal Judge White's court, where Miss Bennett's name of the screen, is due this morning to testify in her suit against Stoll, by bringing into court all of the film people who saw the fur. Among them are Beale Love, Lois Moran, Billie Dove, Douglas Fairbanks Jr. and others.

Miss Windermere contends that the fur, which was given to her at the conclusion of the filming of "Stella Dallas," has a sentimental value in excess of its normal worth. Stoll contends it is worth only \$50.

**DR. ROMAN LECTURING**

Dr. Frederick Roman has returned from Europe and is meeting large audiences in the auditorium of the Sentous Evening High School, 1205 West Pico street, every Wednesday evening. Tomorrow from 8 to 9 p.m. his topic will be "Modern Italy." On the same evening from 7 to 8 p.m. he will lecture on "Money and Banking."

**ESTATE JOURNE PLANNED**

Problems relating to the making of wills, custody of children and other legal difficulties of special significance to women will be discussed Wednesday evening in a course of law for women conducted in the Hillside Building by the University of California extension division. Miss May D. Lahey, referee of the Superior Court, will instruct the class.

# Of Interest to Women.

## SOCIETY

BY JEAL NEAL LEVY

With one great interest at heart, Los Angeles and San Francisco are becoming closely allied this fall in their efforts to "put over" the grand opera as a record-breaking success, and each city is endeavoring to help the other in this enterprise.

Los Angeles society leaders and music lovers are journeying to the north this week to attend the performance, among them being Mr. and Mrs. Richard Jewett Schweppe. They left last evening for San Francisco and this evening will witness the presentation of "Fedora," with Miss. Jettie in the leading role. Leaving shortly after the performance they will be back home again tomorrow afternoon.

Mr. Schweppe, chairman of the ticket campaign, reports enthusiastic co-operation in this city for the season which begins next week at the Shrine Auditorium.

**Felicitations**  
Mr. and Mrs. Alan William Burton of 6139 Orange street are receiving congratulations over the arrival the 11th inst. of a tiny daughter who will be called Ann Burton. Mrs. Burton before her marriage last year was Miss Martha Putnam Simmonds, daughter of Mr. and Mrs. Nathaniel John Simmonds of 1705 Victoria avenue.

**House-Warming Dinner**  
Mr. and Mrs. Clinton Droughton opened their new home at 1800 Ard Haven last Saturday evening with a house-warming dinner. Their guests including Mr. and Mrs. A. L. Wilson, Mr. and Mrs. Grant Dodge, Mr. and Mrs. Ralph Corcoran, Mr. and Mrs. Francis Dyer, Mr. and Mrs. Richard Hughes, Mr. and Mrs. Paul Foster Hill, Mr. and Mrs. Roscoe Loventhal, Mr. Wallace Reid, Mr. and Mrs. Harry Carey, Miss Marian Siles, Walter Lang, Phil Ryan and Bob Richards.

**Garden Tea**  
The Needlework Guild is to open its season with a garden tea for the section presidents and directors at the home of the treasurer, Mrs. Fred Gordon, 1230 Arlington avenue, near Pico, tomorrow afternoon at 2 o'clock. The president, Mrs. Florence Moore Krieger, with the present and past officers of the guild, will receive. As this is the initial meeting of the section for the great gathering that comes early in November, it is hoped that a large number of the members will be present.

**Cousins and Geings**  
Dr. and Mrs. Louis Josephs (Neil Lackwood) and their little daughter Jane have just returned from a ten day-sojourn at Balboa Beach, where they occupied "Maritani," the shore house of Mr. and Mrs. Walter Robert Elmer.

Mr. and Mrs. Simons are expected home from Europe, October 4, next, after a summer of travel on the continent.

Mr. and Mrs. Harry G. Moore, who have been abroad for the past six months, are returning to New York aboard the Rotterdam, October 4, and motoring across the continent. They plan to reach Los Angeles and open their Caribay Center home about October 10.

Mr. and Mrs. William Boothie Guyton and the latter's mother, Mrs. Rauber, motored down to Casa De Manana, La Jolla, Saturday for the week-end, planning to go on to Murietta Hot Springs to remain until October 2.

Mrs. Lucy William Kastner (Patricia Wilde) with her two small daughters, Matilda and Pamela Wilde Kastner, are in New York City, where they will stay the 27th inst. on the Grand Central Express. They will join Mr. Kastner in Paris, where his business interests will cause them to make their home for an indefinite period.

**Wedding Announcements**  
Mr. and Mrs. A. P. Rosenberg of Beverly Hills, announce the betrothal of their daughter, Miss Geraldine Rosenberg, to Herman J. Stern, son of Mr. Alfred Stern of this city. No date has been set for the wedding.

**Society News**  
The Delta Delta Delta Sorority at University of Southern California, entertained with a rushing party at the Pacific Coast Club, Long Beach the 18th inst. After luncheon the rushers enjoyed swimming and bridge.

## EASTERN TROTH OF INTEREST

### Pittsburgh Young Set Leader to Wed

(National Illustrated News Syndicate)  
Miss Cora Henderson McClay

OF MUCH interest to her many part of November in the eastern city, friends in Los Angeles and the Southland is the announcement made in Pittsburgh by Mr. and Mrs. Samuel McClay of Devon Road of the betrothal of their attractive daughter, Miss Cora Henderson McClay, to Stanley Logan Young of Dunthorpe, Minn. The wedding is to be an event of the first

city. Miss McClay made a host of friends here when she visited her aunt and uncle, Mr. and Mrs. Chester Turner Hoag, at their home in Hollywood.

Mr. and Mrs. Hoag are leaving the latter part of next month for the East and will be guests at the wedding.

## HEALTH AND DETESTABLE ADVICE

### Dr. Frank Mc Coy

VIOLET RAY IS NOT ULTRA-VIOLET

One of the rays of light given out by the sun is a cold ray, which has been found to be very important to the maintenance of animal life. It is supposed that the larger animals of the Mesozoic age, such as the brontosaurus and dinosaurs were destroyed because this ray was prevented from reaching the earth by heavy clouds of vapor and volcanic ashes. The latest researches of science suggest that these animals probably died from starvation because a disease similar to rickets so weakened them that they were unable to walk in search of food.

This ray has been termed the actinic ray as well as the ultra-violet ray, but it is not the product of the so-called violet-ray machines that may be purchased for a few dollars. The apparatus for producing the real ultra-violet light costs several hundred dollars.

This type of light applied to the skin increases the body's ability to absorb calcium and to metabolize fats, hence its value in bone diseases and wasting disorders, such as anemia and tuberculosis.

Used in a very concentrated form, this ray will destroy tissues, and for this reason it is frequently used to remove skin blemishes and infections of the throat.

Although this ray is present in sunlight, curiously enough it will not penetrate through glass. It may produce blindness if allowed to shine too intensely directly into the eyes, and for this reason both doctor and patient use special glasses for treating with this ray. It has been manufactured artificially in some types of carbon arc lamps and in mercury quartz lenses.

The actinic ray does not penetrate deeply into the body, its action being principally on the blood passing through the surface capillaries of the skin. Through the use of machines producing this type of ray, doctors are able to administer the exact quantities that they desire to the patient to have. By the use of sun bathing this ray will act beneficially upon the body, but must be careful not to become overheated or burnt. There is a danger of sunburn from this ray, even though the skin does not become warm and one should carefully regulate the time of exposure.

The ultra-violet light has been found an aid in diagnosing measles, since after its use the rash can be discovered from two to three days before the usual time.

Vitamin D, which is now recognized as being of the utmost importance for producing growth in animals, is found only in foods that have been grown in or exposed to sunlight. This vitamin has been produced in larger quantities than normal in the following foods by exposing them to the action of the ultra-violet ray: Cream, olive oil, linseed oil, cottonseed oil, corn oil, wholewheat flour, milk and dried milk, orange juice, yeast, lettuce, spinach and cod-liver oil.

Treatments of the skin with this ultra-violet light, which may be very destructive if improperly given, should only be under the supervision of your physician.

**QUESTIONS AND ANSWERS**  
Question: G. F. writes: "During the night I am awakened by my left arm aching dreadfully and this ache remains until morning. Could this be caused from poor circulation or lack of exercise, or is it all in my eating?"

Answer: Yes, the aching in your left arm may come from poor circulation, lack of exercise, or from overeating. When such aches occur only in the left arm, one must be suspicious of angina pectoris, which is a serious functional disorder affecting the heart border.

Q: K. L. writes: "I am very fond of a dish called 'brose,' which is prepared by pouring boiling milk over oatmeal or other meal and stirring until it resembles a sort of pudding. It seems to agree with me, but I would like to ask if you would recommend this way of using these cereals?"

A: I would not recommend this dish for children or old people, or those whose digestion is not strong, but these cereals or meals require much longer cooking to be readily digestible.

Q: R. M. writes: "I have received so much help from your health articles and radio talks. You are doing a wonderful work, and giving untold relief to humanity at large. Please tell me, do you advise an operation for enlarged tonsils? I have seen advertisements of a medical clinic that would remove the tonsils on the left foot, the big toe. Tell me how to get rid of it."

A: The operation for an enlarged tonsil is quite a serious one and should not be undertaken if there is any other way you can reduce the inflammation which is causing the swelling. Local treatment and diet should be the same as for chronic rheumatism. Special articles appear from time to time about the cause and cure of this disorder, or I will be glad to send you instructions if you will write me again, enclosing a large, self-addressed, stamped envelope.

**YOUR BABY AND MINE**  
BY MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and addressed envelope, forwarded to this column, will receive a prompt reply. This department offers letters on a weekly basis. Send your letters to: Myrtle Meyer Eldred, c/o The Los Angeles Times, 220 South Broadway, Los Angeles, California.

From the kind of a lemon, cut the rind in very thin strips, place in a saucepan with one cupful of water and boil five minutes; mix the strained juice of one lemon with one tablespoonful of cornstarch and one tablespoonful of sugar, add slowly to the hot mixture, stirring constantly and stir and boil for ten minutes; strain and add one tablespoonful of butter.

**CREAM OF CARROTS**  
Cover two cupfuls of grated raw carrots with four cupfuls of boiling water and half a teaspoonful of salt, half of a bay leaf, and eight whole cloves, simmer for one hour and press through a sieve into a saucepan; melt three tablespoonfuls of butter and add three tablespoonfuls of flour, gradually stir in the carrots and cook for ten minutes; slowly stir in the carrot puree and reheat.

**BOILED BEEF TONGUE, SPANISH**  
Cover a clean beef tongue with water, bring to a boil and boil until tender, plunge into cold water and remove the skin, return to the fire, cover with boiling water, add one small onion, stuck with three whole cloves, two branches of parsley, one carrot, two stalks of celery, and six peppercorns. Cook for twenty minutes, place in a saucepan three tablespoonfuls of butter, add one thin slice of onion, and cook until brown, add one finely chopped green pepper, three peeled and chopped tomatoes, season, simmer for forty-five minutes. Lift out the tongue and pour over the Spanish sauce. Garnish with ripe olives, slices of lemon and parsley.

Mrs. Wyman does not reply to letters but requests for recipes be forwarded to the department. PRACTICAL RECIPES, published every Tuesday. (All rights to reproduce reserved by A. L. Wyman.)

and later visit Angkor Wat, in French Indo-China, lately explored by the younger Starkweathers on their trip to the Orient. Later on she will make a short stay in South Africa and join her son and daughter and small grandson at Christmas on the French Riviera, she plans returning to Santa Barbara during the summer, while they have arranged to remain abroad possibly a year or so.

**VETERANS LEAVING**  
Spanish-American War Soldiers to Make Trip to Havana

Nearly 100 members of the United Spanish War Veterans will leave Los Angeles on a special Southern Pacific train for New Orleans en route to Havana, Cuba, to attend the national convention and to refresh memories of former combat. Judge Morgan Calbreath, Gen. Robert Wankowski and Judge William McConell will be members of the party. The special train will carry a rifle-and-drum corps in charge of William Baxter.

Among those who are taking up a residence in Europe this winter, the Santa Barbara colony is sending Mr. and Mrs. Ralph Adams Starkweather, and their young son, who have had their mother's Mission Ridge home for the summer. The former's mother, Mrs. Ralph Starkweather, left recently for another visit to Java, where she will join relatives.

## GUIDING YOUR CHILD

### CUP AND SPOON

By Mrs. Agnes Lyne

Adults with decades of skill in table manners behind them have forgotten how hard it was to acquire. Until the child has mastered the rudiments of the art he should not eat with the family.

Consider how much the little one has to learn. The distance between plate and spoon has to be gauged. The spoon must be balanced so as not to spill its contents and it must be carried safely to its destination. The cup has to be lifted evenly in both hands and gradually tilted just the right degree to pour the milk into his mouth, then righted and brought back carefully to the table.

Anything which distracts the child makes him more likely to dawdle over his meal and spill his food. The younger sibling at the table with adults who are talking and manipulating all sorts of tools and dishes, is sure to be fascinated by them. The child's food the others have made him ask for things that must be denied him.

Members of the family are apt to make unwise comments on his awkwardness. His mother can hardly help showing her annoyance at the spots he makes on table cloth and rug.

Learning how to eat should be made as simple as possible. It would be well for the child to have a little table and chair of his own. It should stand on a floor without too much trouble. He should, in any case, eat alone.

Mother may keep him company, but she should not give him her entire attention. From time to time she may show him how to hold his utensils. She may suggest that he must try not to spill his food, that it is better to chew with the mouth closed than to let food drip from his lips with his napkin.

She must bear in mind that he can only learn slowly, and that he will make him unhappy and foster resistance to the very habits she wishes to establish. As an incentive to good table manners she can tell him that when he has learned to eat properly and neatly he may join the family at the dinner table.

**HOUSEHOLD SUGGESTIONS**  
In an Emergency  
If you are without soap chips on wash day tie a whole cake of white soap in a clean cloth and put it in the boiler with the clothes. It will dissolve and prove as effective as the chips.

**The Economical Wife**  
The first thing the woman who wishes to run an economical household must have is a knowledge of meat cuts and the preparation thereof. If properly prepared the cheaper cuts of meat can be made equally as tender and tasty as the more expensive cuts. It takes just a little time and study, but it certainly pays in the long run.

**The Young Helper**  
The kiddies do so love to help mother serve the lemonade or grape juice that some of us have discovered a way to hold the glasses that is proof against mishap. The white enameled mullin pan! Each glass stays in its own compartment while the little hands carry the tray around.

## HIGH LIGHTS IN HISTORY

## 1142 The Story of American Industry: America in the "Homespun Age"—Part 2.

by J. CARROLL MANN

BEFORE THE REVOLUTIONARY WAR, EIGHT AMERICANS OUT OF EVERY TEN LIVED AND WORKED ON FARMS. IN THOSE DAYS A MAN'S FARM WAS NOT ONLY HIS "CASTLE," BUT A LITTLE WORLD UNTO ITSELF.

ALMOST EVERYTHING THAT THE MAN AND HIS FAMILY NEEDED WAS PRODUCED ON THE FARM. OF COURSE, AT THAT TIME MAN HAD FEWER WANTS, AND LIFE WAS MUCH SIMPLER THAN IT IS TODAY. ALL THE FOOD REQUIRED FOR THE FAMILY AND THE DOMESTIC ANIMALS WAS GROWN ON HIS ACRES.

THE AVERAGE MAN WHO LIVED OUTSIDE THE TOWNS WAS COMPELLED TO BE A "JACK OF ALL TRADES." HE REPAIRED THE FARM BUILDINGS AND EQUIPMENT. IF A CHEST, A TABLE, OR A TUB WAS NEEDED, HE MADE IT HIMSELF. IN MANY CASES, HE MADE THE SIMPLE TOOLS WITH WHICH HE WORKED.

OCCASIONALLY, A TOWNSMAN WOULD VISIT THE FARM, BRINGING WITH HIM A FEW GOODS, SUCH AS RIBBONS AND CLOTH, OR A TRUCK OF POTTS AND PAINT, WHICH WOULD BE USED BY THESE VISITORS FOR THE FARM AND THE OUTSIDE WORLD.

# MAY DAY

And in all Los Angeles' retailing there is no day  
like "May Day" ... at The May Company!

## Special Notice

For obvious reasons some stores may attempt to undersell certain "May Day" items—

### Remember!

Should any of our advertised "May Day" items be advertised for less elsewhere, they can be bought STILL LOWER here, regardless of our advertised price.

—BE SURE to get full details in the 20-page May Day Circular at your door today, Tuesday.

—Special officers to assist with traffic.

—7500 employees to serve you.

—Extra street car and bus service.

—No goods sold to dealers.

—No phone, mail—or C.O.D. orders.

—Watch for the "Not advertised" cards on extra specials in all departments—Thursday.

Listen In! . . .

Special May Day  
Radio Program

8 p.m. to 9 p.m.  
Wednesday, Sept. 26th

Thursday ... "May Day"! ... magic words! ... thrilling news! ... A great merchant once said, "When a store has something really wonderful to offer there seems to be an invisible message which instantly goes out to the public ... they seem to FEEL the sale!" ... This must be true ... for days people have been phoning, talking, asking about it ... there is tremendous enthusiasm astir ... THE WHOLE CITY IS AROUSED AND WAITING!

Thursday at 9 A.M. sharp doors swing open to that nationally known One Day Merchandising Classic ... "May Day," whose amazing value giving has been the wonder and open admiration of merchants from coast to coast.

- All retail America watches it!
- Magazines and trade papers write about it!
- Merchants come from distant cities to witness it!
- A million Californians know and wait for it!
- With so enviable a reputation at stake ... and with over three million dollars worth of new and worthy merchandise ready ...

—WE CONFIDENTLY PROMISE ... THURSDAY ... THE MOST DRAMATIC ONE-DAY MERCANTILE EVENT THE CITY HAS EVER KNOWN!

"May Day" ... has back of it every resource ... the combined one hundred and ten million dollar buying power of this mighty six-store organization ... which considers it a matter of honor to make each May Day bigger and better than the last.

"May Day" stands as an illustrious example of what The May Company means to all Californians. Its sole purpose is to convincingly, irrefutably prove The May Company's dominance in buying, dominance in selling ... and to emphasize, beyond question, its acknowledged dominance in Better Value Giving.

**Important Note:** Every item has been selected, tested and personally examined by an executive committee of merchandising experts ... before it was allowed to enter this May Day. For as always we shall adhere strictly to the sound principles and precepts laid down by David May, the honored founder of this great, nation-wide organization:

"To offer on 'May Day' enormous quantities of the finest, most seasonable and desirable merchandise of certified quality at the guaranteed lowest prices of the year."

What a wonderful chance this is to buy all your needs for fall and Christmas! Remember, this year's May Day presents over three million dollars worth of NEW and especially desirable merchandise of assured quality from foremost manufacturers of America ... from fashion and industrial centers of Europe and the far Orient.

Thursday! ... from Santa Barbara to San Bernardino ... shopping throngs will come! Tell your friends ... tell friends to tell friends ... for this year's May Day, which we promise will surpass anything previously attempted ... will be well worth coming miles to see and to attend.

Thousands of Eyes Are Eagerly Scanning This Announcement Today!  
Thousands of Shoppers Are Planning to Be Here at 9 A.M. Thursday

## PLEASURE CRAFT TO BE LAUNCHED

Is Largest Boat Built at Newport Beach

Has Accommodations for 200 Passengers

Will Make Long Beach Home Port

NEWPORT BEACH, Sept. 24.—When the stately Valencia, costing \$125,000 to build, slides down the ways for its christening in the waters of Newport Bay, back of the Van Broadway Boat Works, about the middle of next month, the largest boat ever built in the harbor here will be launched.

But the boat is not long to remain in the bay.

E. D. Burge of Santa Ana, owner of the huge cruiser, said today that the harbor here would not be made the home port of the boat, but that it would be taken to the Long Beach harbor.

Intimations were made that the authorities here were not sufficiently interested in the retention of the boat for Newport Beach, while the wholehearted co-operation of Long Beach already has been promised.

Burge wanted a landing pier and other concessions that were denied him in Newport Harbor.

The boat, providing accommodations for 200 people, was designed for charter parties, cruising trips and dinner and dancing cruises.

Long Beach Harbor will furnish an ideal triangular course for an evening's trip of dancing lasting about three hours upon the floating palace, Burge said.

The banquet hall can be transformed in a few minutes into a dance floor of 97 by 10-foot dimensions. Accommodations are ideal for the boat, as has been planned as a small replica of the famous Yale and Harvard boats.

Trips to Escondido are said by Burge to be in demand for charter parties. Berths are provided for 120 passengers in the staterooms on the first deck.

**BOOZE IS BANNED**  
The boat is to be operated under regulations inviting high-class patronage. Drinking will not be permitted, Burge declared.

Workmen at the Broadway boat works were this week finishing the staterooms for the captain and first and second officers, together with the pilot house and chart room above the second deck, where the dance floor is located.

The boat will have a capacity of 6000 gallons of fuel, enough to voyage from here to Panama, a distance of 3000 miles.

**SAFETY CONSTRUCTION**  
Every precaution has been taken in the construction of the boat to safeguard passengers against dangers at sea. Four watertight compartments have been placed in the hull to float the boat in case of collision.

Timbers for the lower decks have been made out of ironwood. Eight lifeboats will be carried. Steel beams both lengthwise and across the boat have been built in for additional strength.

The dance room and other interiors will be finished in mahogany. Oak wood is used for the railing. A crew of fourteen will be employed to man the ship at full capacity. Appointments for the crew have not been decided upon yet, Burge said, although he has numerous applications.

## PROTECTION AGAINST FIRE IN MOUNTAINS

LA GRISSENTA, Sept. 24.—Additional protection against outbreaks of forest or brush fires will be given by the wider firebreaks that are now being constructed in the hills here under the direction of Spencer Turner, county forester.

With the completion of the firebreaks that will afford ready access to many portions of the hills now difficult to reach, the safety of the district in the event of any outbreak or fire will be greatly increased, it is expected. Local police visited his place and state that they secured several bottles of assorted beer, whiskey and wine.

## FILE TWO PETITIONS

Factions Oppose and Support Oil Area in Orange County Town

NEWPORT BEACH, Sept. 24.—If the number of signatures on the two opposing petitions circulated for and against the removal of the oil area to the West Newport Beach section carry any weight with the members of the City Council, the support is likely to go with the petitioners asking the cleaning up of the section.

More than 100 signatures are on the petition favoring drastic action to remove not only the oil derricks, but even the Orange county oil refinery plant.

The other petition, seeking protection against zoning restrictions on "all lands covered by what is known as the DeKay community lease, the Lane Wold lease and the Newport Oil and Refining Company lease, has much fewer signatures, it is said.

The two petitions will probably be presented to the City Council at the meeting next Monday night.

A. Russell, who has circulated the petitions favoring the cleaning up of the district in order that it

## FIGHTS ANTIRODEO LEGISLATION

## METHODISTS GATHER FOR CONFERENCE

Delegates from Two States and Hawaii Assemble at Santa Barbara

SANTA BARBARA, Sept. 24.—Two thousand Methodist pilgrims, delegates from Southern California, Arizona and the Hawaiian Islands, began to assemble here this morning and tonight for the opening of the fifty-third annual conference of the Southern California Methodist Episcopal Church.

The conference, the outstanding State Methodist gathering of the year, will open tomorrow morning with the registration of delegates and with a communion and memorial service at night in the Post Church Auditorium.

The Rev. E. J. Inwood, of Long Beach will preside. It will close next Sunday.

Following devotions Wednesday morning, the conference will go down to business with the superintendent's reports from the Pasadena and Arizona districts, the report of the board of education and an address by Bishop Charles Wesley Burns.

Bishop Burns, who will speak at noon on the first three days of the conference, will address a special class on Friday, deliver the Sunday morning sermon and preside over the closing service of worship on Sunday night.

**COUPLE CELEBRATES GOLDEN WEDDING**  
ORDWAY (Cal.) Sept. 24.—Mr. and Mrs. Lamont Goble of Anaheim and many of their relatives gathered at Sylvan Park in Redlands today to celebrate their golden wedding anniversary.

There were places for thirty at the dinner table, which was graced by an immense wedding cake with 1872-1924 on it.

They were married in Dallas, Tex., fifty years ago and came to Anaheim twenty-six years ago. They have lived there ever since, except a winter, which they spent in Redlands. Mrs. R. L. Thibault of Huntington Beach, who was present at the original ceremony, was present. All their children, three sons and two daughters, were present, and eleven grandchildren and one great-grandchild.

They are Rold Goble and Mrs. Willie Cadwallader of San Timoteo Canyon; Elton Goble of San Bernardino; Wayne Goble of Santa Ana and Mrs. Edward Clark of Fullerton.

**LIQUOR LAW VIOLATION**  
HUNTINGTON PARK, Sept. 24.—Having pleaded guilty to possession of liquor, Fred L. Book, of 3418 Hope street, has been given a fine of \$500 or six months in the County Jail, sentence being passed on the defendant by Judge Louis Budway in the city court, after he had entered a plea of guilty. Local police visited his place and state that they secured several bottles of assorted beer, whiskey and wine.

Rev. N. Zilich, the pastor, placed the first trowel of cement for the congregation. Rev. Paul Prichard the next for the churches of Redlands and Miss Lulu Ethel Garton the third for the work around the world.

**LAY CORNER-STONE OF REDLANDS CHURCH**  
REDLANDS, Sept. 24.—A Bible, several newspapers and church magazines, a list of contributors, a charter list of the membership, pictures, a history of the church and other articles were sealed up in the corner stone of the State-street Christian Church, which is being built at Beacon and State streets, at a cost of \$50,000. This is the church that was organized from those who were "outs" in the famous two years' battle between "ins" and "outs" for the control of the First Christian Church property on Olive avenue. There were 157 names on the charter list and the membership now is about 300, it is said.

Rev. N. Zilich, the pastor, placed the first trowel of cement for the congregation. Rev. Paul Prichard the next for the churches of Redlands and Miss Lulu Ethel Garton the third for the work around the world.

**TOURISTS GET IN ON FRUIT DISTRIBUTION**  
UPLAND, Sept. 24.—Tourists driving along Euclid avenue today were convinced that California is rolling in orange wealth, and generous to a fault in distribution of her golden fruit.

A caravan of automobiles bearing tourists from the East passed along Euclid avenue shortly after a truck load of oranges had upped. Oranges rolled about the avenue and stopped traffic temporarily. The tourists couldn't get by until the way was cleared, so they sat upon the curbs and watched the choicest oranges grow in California.

No one stopped them. They ate until they could hold no more, then tucked a few more in their car before they drove away.

The packing-house company put the tourists on feast down on the books as "good advertising through good oranges."

**OPPOSE SEWER PROJECT**  
SOUTH GATE, Sept. 24.—Another big public project has been initiated by the City Council which has instructed City Engineer Edward M. Lynch to prepare plans and specifications for a new water system to cover most of all of the Home Adena area, which includes the Barlow tract, Tweedy Park, Tweedy Homesites, Alexander Tract, and the Power tract. This territory was annexed to this city early this year.

**TEACHERS IN ATTEMPT TO REPEAL LAW**  
State Association Favors Free Transportation for Students

GLENDALE, Sept. 24.—Efforts to bring about the repeal of the State law that prohibits the payment of transportation for school students living within the limits of an incorporated city have been launched by the California Teachers' Association and a program looking to this object will be presented to the conference of the school superintendents at Del Monte next week, according to Principal George U. Moyle of the Glendale Union High School.

William John Cooper, State Superintendent of Education, Moyle says, has outlined to the educators a change in the school law that will, if approved by the State Legislature, do away with the provisions of the statute that is causing so much hardship in the high-school districts of the State. The central committee of the school superintendents will attempt to ask the next Legislature to repeal the statute, Moyle declared.

Action of the teachers will bring two groups before the Legislature and court as the first on the bar on the payment of transportation, the Pacific Electric having arranged to file a writ of mandate to enforce the law from the Pasadena High School of trustees to pay for the transportation of the students. The pupils from Tujunga, attending the Glendale High School, are being transported by Kiwanians and other public-spirited citizens of the valley towns, Moyle declared.

## San Diego May Be Subject to Heavy Damages

SAN DIEGO, Sept. 24.—Should the City Council abandon the Sutherland dam site entirely, thus throwing out of the job the contractors, the Edwards, Wilday & Company, the city may face a claim for damages aggregating \$500,000, according to proposals said to come from the contractors, and which are to be referred to the Council.

Should the Sutherland site be abandoned, the contractors figure they are entitled to the profit that would accrue on the job for the remainder due, which is said to be \$1,000,000, the profit to be one-half, or 50 per cent of said amount.

These propositions coming from the contractors suggest a shut-down lasting six months, by which time the city might find a way to finance completion of the dam, and the third plan is to locate the contractors on some other water development plan.

These propositions are said to have been laid before the City Attorney's office, and Engineer H. V. Savage, who is in charge of water development. The Council is said to expect a recommendation from Savage tomorrow.

**SCOUT LEADER TELLS OF FLORIDA STORM**  
GLENDALE, Sept. 24.—His experiences in the hurricane that devastated Florida last Monday were told today by Harvey R. Cheesman, Boy Scout executive of Verdugo Hills camp, on his return from Ulica, N. Y., where he attended the fifth biennial training conference at Cornell University.

The tale started gradually, he said, the waves began increasing in size as the wind grew stronger, until the ship on which we were traveling was tossed around like a toy.

The waves broke over the vessel and drove out the occupants of the cabins on the lower decks, forcing them to transfer to cabins on the upper decks.

"So powerful was the wind that the ship had to abandon its regular course and run with the wind," the night after the storm, Cheesman says, the radio operator questioned the shore stations to learn why so many lights were seen along the beach, and he was informed that the lights were carried by persons seeking for those who had been killed and injured in the hurricane.

**REPUBLICANS HOLD RALLY IN CHINA**  
"CHINA, Sept. 24.—The untimeliness of Al Smith for President of the United States" is the theme of an address to be made before a mass meeting of Chinese Republicans, in the auditorium of China High School Thursday evening by O. W. Rockwell of China.

Rockwell formerly lived in New York and kept in close touch with Al Smith's political life. Another speaker on the program will be Attorney A. O. Dillon of Ontario.

The meeting is the first of a series of Republican rallies sponsored here by the Chinese Republican Club, of which Edwin Rhodes, banker, is president; G. V. Becker, secretary, and G. W. Rockwell, treasurer.

**VALLEY CHAMBERS TO MEET AT COVINA**  
COVINA, Sept. 24.—Resuming activity, the Associated Chambers of Commerce of the San Gabriel Valley will hold their first meeting since the vacation period at the local Woman's Club, on October 2. The meeting will be held in the evening and will be prefaced with a 6:30 o'clock dinner. George Dake, president, will preside and a program now in the planning will be announced soon.

**SATICOY MINISTER GOES TO SAN JOSE**  
VENTURA, Sept. 24.—Rev. Benjamin Gould has resigned as pastor of the Saticoy Community Church to accept a call to the First Congregational Church of San Jose, he said today.

Rev. Gould has occupied the Saticoy pulpit since January 1, 1927. One of the innovations at the church during his stay was a series of open forum meetings addressed by notable speakers on Sunday evenings. The change is to take effect November 1.

**DEER IN ICE PLANT**  
VAN NUYS, Sept. 24.—Leslie Taylor, local realty man, returned here today from a vacation in the Yosemite country north of Fresno. He and his party brought back six deer, all killed within a week. The deer are in storage at the ice plant here and later will be cut up into steaks and roasts.

**POLICE AFTER PUNCH BOARDS**  
HUNTINGTON PARK, Sept. 24.—Felix Haldas of 5000 Pacific Boulevard, has been placed under bail in the sum of \$100 charged with violation of the Penal Code. It is said that Haldas had two punch boards in his place of business. His case is set for hearing before City Judge Louis Budway next Friday.

**COVINA SCOUTS TO GET HONORS**  
COVINA, Sept. 24.—Out of thirteen Eagle Scout emblems to be awarded by the Pasadena-San Gabriel Valley Council of Boy Scouts, five members of Covina Troop 3 will receive the high rank as voted by the board of council directors, who approved the applications.

The thirteen boys to receive the coveted emblems are William Allen, George Rockwell, Jr., Robert Runyan, Thomas Rockwell and Rev. Maurice L. Kahn, all of this city; Maurice Nichols, Alton Hyman, Gerald Trasher, Merwin Reese and Ellis Hendley of Amasa Troop No. 1, and Wallace Simmons of Rosemead Troop No. 1. Members of the council board who approved the applications include Joseph P. Howe, president; H. D. Lyman, Kenneth A. Gordon, Ralph White, H. C. Emery, E. B. Gooney, Dr. Edward Barton and Leonard Buss.

**DRIVE TO HILLS**  
UPLAND, Sept. 24.—A drive to the hills for the purpose of collecting specimens for the Upland Museum, was made today by a party of about twenty people.

**DRIVE TO HILLS**  
UPLAND, Sept. 24.—A drive to the hills for the purpose of collecting specimens for the Upland Museum, was made today by a party of about twenty people.

**DRIVE TO HILLS**  
UPLAND, Sept. 24.—A drive to the hills for the purpose of collecting specimens for the Upland Museum, was made today by a party of about twenty people.

**DRIVE TO HILLS**  
UPLAND, Sept. 24.—A drive to the hills for the purpose of collecting specimens for the Upland Museum, was made today by a party of about twenty people.

## TEACHERS IN ATTEMPT TO REPEAL LAW

State Association Favors Free Transportation for Students

GLENDALE, Sept. 24.—Efforts to bring about the repeal of the State law that prohibits the payment of transportation for school students living within the limits of an incorporated city have been launched by the California Teachers' Association and a program looking to this object will be presented to the conference of the school superintendents at Del Monte next week, according to Principal George U. Moyle of the Glendale Union High School.

William John Cooper, State Superintendent of Education, Moyle says, has outlined to the educators a change in the school law that will, if approved by the State Legislature, do away with the provisions of the statute that is causing so much hardship in the high-school districts of the State. The central committee of the school superintendents will attempt to ask the next Legislature to repeal the statute, Moyle declared.

Action of the teachers will bring two groups before the Legislature and court as the first on the bar on the payment of transportation, the Pacific Electric having arranged to file a writ of mandate to enforce the law from the Pasadena High School of trustees to pay for the transportation of the students. The pupils from Tujunga, attending the Glendale High School, are being transported by Kiwanians and other public-spirited citizens of the valley towns, Moyle declared.

While the parents were visiting a friend at the hospital the child, with an older sister, was crossing Spadra Road yesterday. Without warning, she broke away and ran directly in the path of the approaching car. No charges were placed against Stancher.

**CHILD KILLED BY AUTOMOBILE**  
FULLERTON, Sept. 24.—Grim tragedy hovered today over the home of Mr. and Mrs. J. O. Smith of Anaheim as the result of the death of their 3-year-old daughter, Mary Lavon, who died at the General Hospital here an hour after she was struck by an automobile driven by Maurilio Stancher of Los Angeles at the intersection of Spadra Road and Wilshire avenue.

While the parents were visiting a friend at the hospital the child, with an older sister, was crossing Spadra Road yesterday. Without warning, she broke away and ran directly in the path of the approaching car. No charges were placed against Stancher.

**OFFICERS EXTINGUISH FIRE IN JAIL CELL**  
GLENDALE, Sept. 24.—William C. Patton, while awaiting a hearing on a charge of stealing a magazine from a news rack in front of a store, passed his time in his cell at the City Jail reading some magazines that he had borrowed from the desk sergeant at police headquarters. Late yesterday afternoon, Daum rushed up to the desk and told the officer on duty that the jail was on fire and four policemen, led by Detective Laurien, unlocked the cells and found Patton sitting by a bonfire of magazines that were smoldering on the floor of his cell. Patton could not be reached for starting the fire and after it had been stamped out he was deprived of his matches and placed in another cell.

**LOS ANGELES BOYS CHARGED IN THEFT**  
VENTURA, Sept. 24.—Hugh Costu, 15 years of age; Philip Jones, 20, and Marcus Carlsen, 22, of Los Angeles, were arraigned today in Judge Malvern Dominick's court on charges of grand theft and as a result of the disappearance of eleven two sacks of black-eye beans from the ranch of E. B. Hamlin of Camarillo recently. The boys are held on \$5000 cash bail and their preliminary hearing set for Wednesday at 10 a.m.

The youths were arrested by Deputy Sheriff Charles Clements, Carl Wallace and Will Ruyter, Asst. Dets.-A.D. Don Hill said he had obtained a confession from the three boys.

**REPUBLICANS HOLD RALLY IN CHINA**  
"CHINA, Sept. 24.—The untimeliness of Al Smith for President of the United States" is the theme of an address to be made before a mass meeting of Chinese Republicans, in the auditorium of China High School Thursday evening by O. W. Rockwell of China.

## CALTECH OPENS NEW YEAR

Pasadena School Has Largest Enrollment in Its History

PASADENA, Sept. 24.—With an estimated enrollment of 635, the largest in its history, the California Institute of Technology opened its fall term today. Although classes met this morning, the first student assembly probably will be deferred for one week due to the absence of Dr. Robert A. Millikan, executive head of the institute, who is conducting studies of the cosmic ray at Pike's Peak.

The public demonstration lectures in Norman Bridge Laboratory of Physics will open Friday night at 8 p.m. Although there was some talk of discontinuing the lectures this year, they have become so important a part of this city's cultural life that the authorities have consented to continue them for the seventh consecutive year.

The first lecture will be given by Prof. E. C. Watson, who will speak of "Galaxies and the Beginning of the Scientific Method."

This popular course in modern scientific progress was started on the assumption that the public is intensely interested in science, but that a medium for interpreting the latest discoveries in simple terms was lacking.

Each lecture has in the past been attended by a capacity audience, many of whom have lingered after the lecture to question the speaker.

**Sherman Named to Head Legion**  
NEWPORT BEACH, Sept. 24.—H. L. Sherman, active for years in the work of the American Legion post here, will be elected to the office of commander, provided no further nominations are made at the meeting October 2, next, when the balloting is conducted. Sherman was the only candidate named in the nominations.

Most of the remaining posts in the unit probably will be uncontested. Dr. Gordon Grundy was nominated for first vice-commander; Frank Cox, second vice-commander; James Remiro, adjutant; George Funk, sergeant-at-arms; J. H. Estus, historian; Ray Shannon, chaplain, and J. H. Estus and Le Roy Anderson, delegates to the County Council.

The question of changing the terms of the lease for the property where the Legion headquarters are located, is to be investigated by a committee composed of L. W. Briggs, J. H. Estus, Dr. Gordon Grundy and Gus Tamplin.

**Brock, Schlee to Seek Record**  
SAN DIEGO, Sept. 24.—(P)—William S. Brock and Edward F. Schlee, trans-Atlantic flyers, who last year attempted a flight around the world, plan a flight here, possibly starting Wednesday, in an effort to break the world's sustained flight record. The two aviators arrived here from Los Angeles yesterday in a Bellanca plane equipped to carry a tremendous fuel load with which they hope to be able to stay in the air for eighty-four hours, perhaps longer.

**BROCK VALVE DROPS AIRPLANE INTO PARK**  
VENTURA, Sept. 24.—When a valve snapped off and froze up his engine while he was flying 500 feet in the air, Al Lary of the Ventura Airlines, Inc., made a forced landing at Seaside Park here Sunday afternoon. Lary was not injured and his plane was not damaged in the landing. The flyer said he made the dead-stick landing at the park when he felt that he was not high enough in the air to glide to the Ventura Airport across the river.

**PASADENA SCHOLAR HOME ON A VISIT**  
PASADENA, Sept. 24.—Dr. Andrew Neff, Ph.D., fellow of the Mellon Institute of Industrial Research, Pittsburgh, Pa., arrived in this city today and is visiting his parents, Mr. and Mrs. Edward D. Neff of 535 South Orange Grove avenue.

Two years ago Dr. Neff was awarded the \$5000 Mellon chemistry prize by the University of Chicago. He is now engaged in writing articles for the new edition of the Encyclopedia Britannica.

**CITY RAISES FUND FOR STORM SUFFERERS**  
PASADENA, Sept. 24.—Total contributions from Pasadena to the Red Cross fund for the relief of Florida and Porto Rico hurricane victims amount to \$7043, only \$400 less than this city's quota, it was announced today.

Today's gifts, the majority from anonymous persons, totaled \$1381. Those who wish to contribute are requested to mail their checks to the Red Cross headquarters at 213 Pacific-Southwest Building, or turn them over to any local bank.

**BOYS RAISE FUNDS**  
ARCADIA, Sept. 24.—First money to be placed in their treasury was raised Saturday night by boys of the Reserve Air Corps who sponsored a dance in the auditorium of the City Hall with the Los Angeles Firemen's Band as the entertainers. More than \$100 was placed to the organization's credit today, according to Chief of Police A. N. Oberly, founder and adviser of the corps.

**HURRICANE AID SOUGHT**  
SIERRA MADRE, Sept. 24.—With \$300 set as the quota for the Florida hurricane disaster, an active campaign is now under way under the supervision of W. R. Humphries, president of the local chapter of American Red Cross. With over a dozen workers in the field, the entire quota will be raised this week, Humphries predicted.

**ESPEE HELPS VINEYARDISTS**

**Bail Companies  
Win Ruling on  
Fines Liability**

**SAN FRANCISCO, Sept. 24.** (Exclusive)—By a decision today of Federal Judge Kerrigan, surety companies who bond liquor law violators cannot be held responsible for the unpaid fines assessed against their clients when the latter avoid payment by flight. The decision commutes standing bonds whose aggregate face value is \$11,800.

The United States Attorney's office was overruled in its contention that the bonding companies are liable.

The result is that several who have previously paid fines for misleading clients are expected to make demands upon the government for the return of said fines.

The American Associated Deposit Company and the Fidelity and Deposit Company brought the case to a head by refusing to pay the fines unless their clients were excused from their responsibility because when they surrendered their clients in court to receive sentence.

The coach in the dining car was that the law violators, after receiving sentence, begged a few days off from the court to straighten their business affairs, and then fled.

**Maria Walsh Tries Dining-Car Pile**

THE attention of this week's travelers on Southern Pacific trains is being called to the importance of the grape industry to California as the railroad's part in National Grape Week. Maria Walsh is eating a piece of grape pie, which is one of the features of the Espes dining-car offerings. The menus will include such dishes as pie, grape cocktail, grape salad and similar dishes. Dishes of fresh grapes also are on each dining-car table.

The men who were ground that he was approving the action taken by the Senate and Fortie Gil. Planning Committee member of 1936. He will be held to such a move, as new station had been made.

**POLITICIAN ANNOUNCES**

Gil, for the Secretary of the President-elect, has announced his intention of making his chairmanship taken tomorrow morning.

Why and how many members of Congress have been elected to the Oregon of the State have been known since the day of the civil war.

There is no doubt that some of our active mind of the rule of the law in other words, it is clear in the rule of the law in the revolutionary connection with us as an ordinary citizen of the Republic.

democratic state committeemen organized and unanimously elected Judge Stanford, pioneer Arizonan, as chairman of the State Central Committee. Don C. Habbitt of Mesa was the unanimous choice for a third term as secretary of the committee and Guy McCain of Sonoma was named treasurer.

A greater part of today's meeting was devoted to speech-making in which the candidates of Al Smith, Gov. Hunt and other party office seekers enthusiastically were acclaimed.

Gov. Hunt, the first speaker on the program, in a few words told the assemblage that he is for the university dramatic productions so Kathryn Irving, sorority girl, left college. And at last she has achieved her ambition, for yesterday she was assigned to a role in a Paramount picture.

For two years Miss Irving studied art at the University of California at Los Angeles. The daughter of George Irving, a film character actor, her major artistic goal was a picture career. She felt that parts in university plays would

John was being selected by President Hoover as collector head of Transatlantic, who had secured the rights for partial production of the play. The State-Union took the position that it was in Mexico where the United States was on charge of some plotting against the United States. There has been action as the result of majority vote. ALBANY (N. Y.) Sept. 3. (Exclusive).—Mrs. Florence E. S. Knapp, former Republican Secretary of State, who is serving a thirty-day sentence in the County Jail for grand larceny of State funds, arrived again today from

**A CORRECTION**

In an account describing religious services conducted by Dr. Frank Ryder and Dr. Thomas Harper last Sunday it was stated in The Times of Monday that the services were conducted in the Wilshire Boulevard Christian Church. This was a typographical error. The account should have read the Wilshire Boulevard Congregational Church.

# ROBBERY TRIAL NEARS END

## Pay-Roll Case Suspects Defended by Pair Confined in San Quentin Who Admit Crime

Taking of testimony in the case of Vincent Meile and William Dyer, charged with the \$10,000 pay-roll robbery last April of the Pan American Petroleum Company, is scheduled to be concluded today in Judge Emmet E. Wilson's court. The trial will probably go to the jury tomorrow.

The defense concluded its case, Defense Attorney George Ryan, following it with the introduction of a young attorney of Mrs. Evelyn

De Filippo, that her husband, James De Filippo, now dead, and Costello and O'Brien staged the robbery.

Mrs. De Filippo, who was ordered held following her testimony, was given her freedom yesterday by Judge Wilson on a writ of habeas corpus obtained in her behalf by Ryan.
